MONTANA EASY MOVE – 1998 AQHA Bay Stallion x Doc O Dynamite x Doc O'Lena out of Easy April Bar x Easy Move. He was purchased at John Scott's last sale as a stallion and performance prospect for our breeding program. Our family was fortunate enough to be able to head and heel on "Easy" competitively at many jackpots and rodeos throughout the northern region as well as in the barrel racing pen. We could hand or pasture breed and have "Easy" collected on a dummy. He has a great disposition to be around whether in the breeding pen or hauling him down the road. He has sired outstanding athletes over the years in the arena from a multiple time champion calf roping Badlands Circuit qualifier to team roping and barrel horses. Montana Easy Move's offspring are all very versatile in the arena or out in the pasture at a branding with the looks to go along with it. This stallion is a spitting image of his sire Doc Of Dynamite and puts that signature stamp on all his offspring.

We will also be offering for sale two of his daughters that are full siblings that go back to Dash Ta Fame. With the running blood, cow sense and mind these two mares have combined in their breeding you can use them in any versatile breeding program. 701-218-0151. Coggins. FS3

LITTLE ROCK- 2004 GRADE Palomino Gelding. LITTLE ROCK is an extremely versatile, BROKE, cow pony. He is 13.1 hands, 10 year old Palomino Gelding, and tuff as nails. This is any cowboy or cowgirls dream. Used by adults regularly. This is the kind of pony that teaches your kid to ride a real horse. Broke strait up the bridle. He will lope, stop and roll over his hocks, turnaround one handed in the bridle. He will and pack his little head like a reiner. Not a pony, a little cowhorse. Rock has been used... EXTENSIVELY in rough country by Faith since she was 6 years old. She can take this pony thru, in, up or down the toughest terrain you can imagine. He does not jump water and ditches but walks thru easy and smart. He has kept her safe in the roughest country in the Bighorn Mts and even packed the stove to camp. Extremely good in the rocks and deadfall. He Hobbles, pickets, and Highlines. He is EASY TO CATCH! He and Faith have gathered 1000s head of cattle with real cowboys, penned cattle at the yards, pushed alleys, turnback for us in the cutting the arena day after day. This cowpony gets saddled in the morning and gets used all day. He has been hauled to cuttings and Faith will lope hundreds of circles on him. Seen about everything there is to see. You can rope big steers on him and he handles it. He would finish out real nice as a breakaway/rodeo pony. FUN to ride for adults as well. Never lame, barefoot, easy keeper. I don't know where you can find another like him. BILLINGS MONTANA 406-702-4007 <https://www.youtube.com/watch?v=QhsCuohD0bA> <https://www.youtube.com/watch?v=E0ublUUV7M> Coggins. F14
