"Boon" is a cute handy sized dapple-gray gelding. He stands around 14.2 and can really get around. Boon is very catty, he has quick roll backs, pivots, side passes, takes his leads, and has a big stop. We have been roping the hot heels on him as well as riding him outside and using him on the ranch. Boon has all the talent and should make an outstanding heel or calf horse when finished! Shortcake
07 Grade Palomino Quarter Pony Gelding
RMO Horses Heber City, UT

Here is a real cute little gelding. He stands about 13.2 hands and rides around really good. He has a good handle, cute as a button, and big enough to let the big kids ride if they want. He's probably best suited for a kid with some sort of riding experience just not a first timer. Fun little horse that has no fear and goes where you ask. Moves around really good for a little horse. Would make a great pony club horse, ranch horse for a kid on the ranch, or for someone who doesn't need a big horse to ride. For questions please call Joe at 801-361-6772 Watch video of Shortcake at <http://www.rockymtnoutfitters.com/pages/?page=24> Finalist for 2010 & 2011 for North America's "Guide Service of the Year" by ORVIS. We call this great horse Popper, and he has had a lifetime of experiences. Popper is a horse that has had a career on a ranch, and with his trusting nature and willing attitude, he has always excelled. He has been started heading. He is quite in the box and scores like a champ. With some continued training he would be ready to haul this spring. Popper has been around cattle his entire life, and he has a ton of natural instinct. A few of the activities that Popper is quite familiar with and is certainly proficient at are Brandings, Doctoring Yearlings, and trailing cattle. Popper has been used during calving and has even been a reliable mount during night time shifts. After calving he has been used to heat detect registered cattle. He is soft and responsive and can side-pass to open and close gates. He is a well-mannered, respectful and athletic gelding, but he definitely is NOT a hot head. Popper is a big horse that stands 16hh and weighs every bit of 1300 lbs.. He is foundation bred and his sire is 90.625 percent foundation, and he is registered in the Foundation Quarter Horse registry. He is a fun horse with heaps of eye appeal; his look epitomizes the breed standard. Popper is a horse that truly trusts humans, and years of work combined with a wide array of situations have produced a gelding that will safeguard your welfare.

Money is super gentle easy to catch anywhere. He has had loads of different experiences that have made him a great, consistent, and reliable horse. He has been used all over the ranch performing all duties associated with ranch work. We have used him on numerous hunting trips into the Bob Marshall Wilderness; his big frame coupled with his gentle nature allowed us to use him both as a pack horse and a riding horse. He has lived the life that makes respectable using horses, and we repose a special trust and confidence in the fidelity and ability of this dependable gelding. He can be used to rope the bad ones, ride the high country and pack loads of gear. Great for the inexperienced rider or the person that needs a trustworthy mount.

Pretzle
05 Grade Paint Pony Gelding
Houck Horse Company North Branch, MN

Pretzel is the kind of pony that makes kids love to ride. It doesn't matter how cold it is, Lana will say everyday "Dad lets go ride my ponies." Its ponies like this that has caused that. He is absolutely safe and kind and as gentle as you could ask for. Lana has ridden him since last year at horse shows, trail rides, outside, inside and everywhere in between. She will go out and catch Pretzel by herself, bring him in and spend forever picking & cleaning his feet, brushing and braiding his mane. We saddle him up and away she goes and she goes everywhere. The BEST part is we don't have to worry because we know she is safe on him. If I ask Lana if she wants to ride ponies or watch TV, she will have her boots on before I'm done asking the question. We don't have to make her ride, we have to make her get off and I believe it is because she is on ponies like Pretzel. Spud is a awesome horse. He can do every thing on the ranch arena and take care the ones that don't ride much ride. He is a finished barrel and pole horse. He has taken me to many finals and have won many buckles and money. Use him on the ranch for every thing. You can throw a rope, cut a cow and he will not let one get by him. He crosses water and can go down the steepest canyon and keep you safe. He would make a high school rodeo horse as you can rope, run barrels, poles, goats. He has no issues at the gate . He will walk in with head down. Let him set for how ever long and get on will be the same Spud has been with me from a 2yr old . Spud means a lot to me but I have no feed and we have to sell. I have hung on to him for as long as I can for more info please call 605-830-0132. Coggins.

Turbo is a mare that is a great reflection of her Grandsire Lowry Star Jr. She sports his classic, foundation type conformation topped off with the heart and disposition and quick mindedness of the Lowry Star genealogy. With the dams side going back to Tresrullah (64 Superior Performance ROM Performance NSBA earnings \$2,399) and Bold Ruler, this mare has some speed bred to her as well. Lowry Star Jr was known to be left alone in the field, brought back into work after months off and pick up his winning stride right off the bat. Turbo is NO DIFFERENT! She has proven herself right from the beginning. Her first year out of the gate she was shown in Wyoming and Montana classes, never finishing out of the top two in ANY class. We have given her a solid foundation with her training. She was shown in Halter, Showmanship, Lunge Line and in hand trail. She has shown good collection while loping during her Lunge Line Classes, making her a phenomenal mover. She was Reserve Champion Halter Mare out of 30 horses at the Park County Fair in Wyoming. She has been saddled and ground driven. With her outstanding Cow Horse/Rope Horse lineage, a more than willing disposition, eagerness to learn and a touch of speed, Turbos sale is tough. She is offered for sale to help raise funds for her dog friend Maxx's surgery bill and we could think of a no better place to offer her for sale. There is no make up training here, take her and GO FORWARD!! She can be anything you imagine, Western or English, trainers choice. Own her or lose to her. For more information on this highly versatile mare, please call 307-899-7713. She was registered as Chestnut but is changing color to a Grey. There will be a color correction in her file at the BLS office ready for her new owner. Video and pictures are available at www.smallwoodhorses.com/turbo.html. Coggins

Good solid 15.2 hand gelding that is a trained rope horse on both ends. Trained by the world champion Mark Wray, this is an outstanding horse both in the arena and in the pasture. Quiet in the box, quick footed and a good mover. He has been used to rope and doctor calves and all phases of ranch work. He is very handy broke and a lot of fun to ride. We have also used him at sortings/pennings and he has a lot of action and is very fun on a cow and gentle enough for the amateur rider. He is a handy all-around rope horse and ranch horse and is a lot of fun to ride. Very cool all-around gelding. Contact us at 913-991-3483 Current on all shots, vet work and Coggins.

Mustang Sally
95 Grade Black Mare
Tom & Deb Tamcke Dillon, MT

She has roped everywhere from the vineyards of California to the mountains of Montana. Had past world champions on her back and is one in her own mind. Her sights were always set on the big show from Youth through College Rodeo. Mustang Sally has a heart as big as Montana and as good as gold. She runs, works and stops every time whether in the practice pen or at a rodeo We have owned this mare since the Spring of 2007. She has been hauled as a Breakaway and Tie-Down Horse. As for her accomplishments, they go way back before 2007 (numerous buckles and saddles), with the most recent being at the Fall College Rodeos in the Big Sky Region. She mounted 5 guys at Cody and brought 2 back to the short round. Two rode her at Havre and both made the short round. Looking for that great beginner to experienced rope horse, Sally is the deal. He has natural rate and is effortless in his turns. He is extremely quick footed and fast. He is quiet at the gate, and walks in and out of the arena. He is easy and fun to ride. He has been headed on by a #2-#7 and will adjust to the roper. He is quiet in the box, scores sharp, runs to the hip and pulls from the horn. Gentleman also runs poles! He is very quick and fluid in the poles and works off your legs. He has been ranched on and ridden outside. He has been hauled to the Pro Rodeos and nothing bothers him. He eats and drinks on the road. Gentleman is no nonsense and such an easy keeper. He is very quiet and laid back but knows his job. He would be suitable for a youth as well. He is sound, safe and the real deal. He has been hauled and won on. If you want to run at pro rodeos, college High School or big 4D races he will take you to the top. PESI eligible. My brain told me I could ride two barrel horses. At 69 years young my body tells me I can't, that is why I am selling Splash. Splash has run barrels for 1 1/2 summers. He is getting very solid and wants to do his job. He gets down behind and has a slick way of turning. He hauls good and runs well indoors and out. I have won over \$2500. He is gentle, stands when you get on and can be caught anywhere with oats. My husband has also headed steers on him. Splash catches your eye and anyone would be proud to own him. "Silver" is a pretty thick made dapple-gray gelding. He is very gentle and is super easy going. Silver has been rode on many trail rides and has been used for light ranch chores. He has a one-hand neck rein, moves off your leg, and lopes nice circles. Silver is double registered in the AQHA and also in the Foundation Quarter Horse Association. He is very broke and mature. Lopes nice collected circles, has a lead change, can turn around and really stop. A super cowy horse, has worked cattle out on the ranch and in the cutting pen. One you can hop on bareback and go gather the other horses in a halter. He gets along well with the other horses and is one you don t know you have around. We have started him in our rope horse program and he is showing to have extreme talent, one that we believe is also going to be a switch end horse, also a calf horse prospect. I have owned this mare for 9 years. She is awesome. At 15.1 hands this is a well-built solid heading horse. Always the same in the box whether you rope 10 or 100 steers. She also heels, has won money in the 4D barrel races, patterned on poles, worked in the feedlot, brandings, and gathering on the ranch. She works a gate, side passes, & pivots. Ride her bare back or with a saddle. Point her in the direction you want to go, she will take you there. Gentle to be around. This is the most level headed moving mare around. She will do just about anything you ask of her, but crack a whip on her back. She just isn't into it. She loads, clips, bathes, stands great for the farrier, great ground manners. If you load her in the last stall of the trailer, just pull on her tail and she will back out with ease. Easy to catch, always the first one there to put her nose in the halter. She is truly a "lip licker", watch her in her video! http://www.youtube.com/watch?v=ECi_I9SDRRI This mare is SPAYED. She does have a wind-puff on her hind leg and an old cornet band injury on the front. She has had both for 11 years, and has had no issues. ONLY reason for selling is I am going to school and we are running out of time for all our horses and it is time for someone else to enjoy her. For more information (701) 208-1256. Coggins.

"Fisher" is one of my very favorite prospects that I have had in a very long time. By one of Jud Littles outstanding stallions No Mas Corona and out of a standout daughter of Fire Water Flit, when it comes to barrel horses and pedigrees they just don't get much better. Born, raised and started at Jud Little Ranch, Fisher carries the famous JL. Stands 15.2 and made to flat get it. He has very good fundamentals and rides very nice. Bog stop, moves off led pressure, flying lead changes, roll backs etc. He is going to have a simple and easy style, I believe just about anyone will be able to ride him. Very calm and level headed about everything. Great to be around, gets along with all other horses, loads, bathes, clips etc. I feel sure Fisher will finish out an open caliber horse that anyone can ride and get along with. Issue free, ready to haul. Coggins.

GYPSY: A gentleman he is, a handsome blue roan gelding, with a ton of conformation. Very friendly with loads of personality, fun to be around. He is a seasoned mount out on the trails, crosses water, bridges, logs, good with a tarp and flags. He has quite a bit of cow, been used extensively outside on the ranch to doctor cattle, gather, sort and at brandings. He is smooth gaited and can cover country without having to peddle him. He has been our go to horse, one we know we can lay off, saddle up on a cold day and ride off. He is a perfect horse for someone looking for an honest partner. We have started hauling him to ropings, heading and heeling works both end very nice. Scores quietly, rates off cattle, and has a good move in the corner. He is a low maintenance horse one everyone will enjoy. He is guaranteed sound and zero vices. For more info and videos visit www.TurnerPerformanceHorses.com or phone (406) 381-2347.

NOTES: Frenchmans Girl is a 15 hand daughter of Frenchmans Guy. 45 days reining training as 2 and 3-year-old. Started on barrels, calf roping, heeling, and ridden in mountains on cattle. This mare is correct and gorgeous. She has top speed with the strength and ability that makes for a huge stop. She is making a competitive calf roping and heel run and knows the pattern. I always start the barrel prospects in roping events to allow the horse time to accept the pressure of competition without any association to the barrel run. She has the aggression of a champion while at the same time has the perfect disposition to get on and ride out any where, any time, for anything. Her dam is the daughter of Jr Starlight a National Champion Reining Working Cow Horse and out of a Genuine Doc bred mare. Dam has produced a 1D Utah Futurity Champion mare. Casualty of divorce. He is legged up and ready to go. Kind, gentle, and the business. Voted on by the Top 15 MPRC Heelers, the 2012 Montana PRCA/AQHA Heel Horse of the Year. He is the same everyday, every run, one run or ten and he's only seven years old. Anybody can get along with him, our five year old niece calls him Lellow and rides him herself around the arena. Delon is not heeling this year, we can not do a horse of this caliber justice sitting idle, so we have decided to sell Lellow. Ridden at PRCA, NRA, rodeos, WTRC and jackpots. Good outside the arena, good in a stall, in the pasture, with other horses, he is a no problem kind of guy. No vices or issues, will be hauled right up to sale day. Bonnie is the sweetest horse on the place. We live at Blue Creek Cattle Feeders and we ride through about 5,000 head of cattle everyday, this mare is the first one we grab to ride. She sorts great and has the best attitude. We have roped the heelomatic and heeled steers on her. She has claves drug on her and she is very patterned on the barrel. Would be an awesome youth barrel horse. Bonnie is a great kids horse. Mattie my 6 year old niece has been running barrels on her, she is gentle and broke, as you can make one. Haas is an amazing horse, cute as a button, very kind and forgiving. He is a chocolate brown gelding, stands about 15 hands, has a cute hip, head, and an expressive eye. He is the horse that is always happy to see you and will meet you at the gate, well almost always. Haas is a horse that we feel fits, most every level of rider from very novice to extremely experienced. Has been ridden by dozens of people, doesn't seem to take advantage of the rider and stays broke. He is a super horse to ride outside on the trails or on the ranch, he is good with crossing water, bridges, logs and is good with a slicker. Haas is a seasoned ranch gelding, will ride out alone, watches a cow and is good to doctor and brand on. He is not one that looks for a reason to spook, he likes to be ridden. Leave him off on full feed for a month, saddle him up and ride off. He can be ridden bareback in a halter, and ridden out and about. He is a finished and VERY fancy heel horse. Will score flat footed each and every time, with any number of roper. Has been roped on by a #1 to a #8, a horse everyone ALWAYS compliments on. He has been tied onto, but is one that a lower number can still dally on. This has been one of our go-to horses when someone needs a horse to rope on or ride. We welcome you to come and ride him prior to the sale, you will not be disappointed. Haas is definitely a sale highlight! "Maximus" is a talented all-around gelding! I bought him as a 3 year old and since have covered every corner of our ranch on him! He was my pick to calve on last winter because he handles every situation with a level head. He's got a big stop, one hand neck rein, lots of speed, and a big heart. Last summer he was hauled to barrel racing and team roping jackpots (ropes both ends). He's clocking 2D with limited hauling. He's strong in his turns and has a lot of talent. Maximus ropes both ends, pulls hard, has a big move, and take a hit like a champ! He has long been a favorite, he's the kind of reliable horse that puts forth 110% every time you saddle him regardless of the job. He is the only horse you need to ranch or rodeo on. Maximus is easy to catch, load, bathe, utd on all vaccinations and worming. Videos available, for more information contact Vanessa 406-230-2821. Coggins.

He's nice to be around, has a nice handle, rides around really nice and is really easy to get along with. If you need to seriously get a lot of work done in one day, Sparky is the horse for you. She has been my main lesson horse for barrel racers the last few years. She is completely automatic and has been hauled extensively; point and kick, she loves her job and won't run by a barrel. Hott Pants will be competitive as an all around horse and be a huge confidences booster as a ladder horse. She's ideal in size for a jr rodeo or high school rodeo kid looking to get competitive. Mucho is an outstanding, gorgeous, red road gelding. He is big, stout and will meet you at the gate. We raised Mucho and has been an excellent addition to our program. We love riding and using him, he is perfect for what we do. Unfortunately we have too many colts currently to keep them all. He crosses swamps, water, bridges and down timber with ease. He walks out like a freight train yet has a perfect smooth and gaited lope. Mucho has spent his life in the mountains chasing, gathering, doctoring, separating cattle, and started ranch roping. He has a great rein and moves off of leg pressure nicely. Mucho is quick on his feet and incredibly sure footed. He has good straight legs, good muscle and feet. Our son loves to hunt on him and has packed deer and elk on him. Mucho is great to shoe, wash, clip, groom, saddle, bridle, and will catch anywhere with a hand full of grain. Muchos sire Dazzs Dundee is a superior reining horse and his Dam Skipa Bar B San was an incredible cow horse with a wonderful gentle nature. Mucho is a flashy, excellent gelding and ready to work in any direction. For more info: Tom Lazenby 435-671-0824. Coggins.
