Really Really Good

All the way around and all the way through - a strong horse market prevailed on a diverse selection of horses, ponies, and mules at Billings Livestock Commission's "Fall Special Catalog Sale" October 28-29.

The top five sale horses tell the tale - October's number one at \$30,000 - a gentle, ranch, ride, or rope horse gelding, \$25,000 for a registered gypsy vanner, \$21,500 for a fancy bay roan draft cross, \$21,000 on another top shelf buckskin gelding, and \$20,000 for a team of ride or drive fjords - a motivated and energetic buyer base bought 'em on premise and...online in Billings, Montana and made the top five average a smooth \$23,200.

A one-day total of 780 head included 515 offered in the loose division, 36 no sales or pass outs, and on premise buyers from California to Maryland and online buyers from coast to coast.

Every. Single. Month. Billings offers all sizes, kinds, and colors, all disciplines, ages, and talents, and all price points, quality and caliber - with something for everyone and every pocketbook as 54 head of October catalog horses brought between \$5,000 and \$7,500.

October's rockstar at \$30,000 Hip 97 "A Prairie Pirate" a 2017 AQHA Buckskin Gelding x Apirates Life For Me consigned by Kera Washburn, Altamont, UT was the whole package - gentle, handsome, ranch and trail ridden, as well as made head horse - he sold for \$30,000 and moved to Maryland.

Drafts and draft crosses rock Billings Livestock month in and month out, with Hip 132 "Sir Noble" a 2016 Gypsy Horse Association registered Black Piebald Gelding consigned by Danyale Bressler, Spring Valley, MN earning reserve sale honors at \$25,000.

Cool as cool can be and bonused by the bay roan color, Hip 93 "Rambo" a 2016 grade draft cross gelding offered by Kristin Mulhall, Covina, CA brought \$21,500 and sold to Phil Jore, Williston, ND.

Production Offerings included North Country Quarter Horses, Big Sandy, MT, Davis Quarter Horses, Sonnette, MT, Wyoming Horses & Mules, Mustache Ranch, and Robert and Claire Lee, Dix, NE. Top selling weanling brought \$7,000.

Unprecedented October sale averages show the strength of the Billings horse market - not just the top end, but the middle as well - the top five averaged \$23,200, top ten at \$20,100, top 20 at \$15,922; top 50 averaged \$11,341, and the top 100 brought \$8,613.

22 head of horses hit \$10,000 or better, including Hip 1658 - a loose horse - which commanded \$10,200. True validation of the strength of the Billings loose trade 49 head brought \$3,000 or better, with 89 at \$2,000 plus.

Loose horses are offered as is, where is, how is with no guarantee and are sold with no rider, no speech, no footnotes. In this division the top five averaged \$7,430; top ten at \$6,545; Top 20 at \$5,665; Top 50 averaged \$4,338; and the top 100 averaged \$3,287.

He travels out alone or in a group and comes home the same easy way he went out. Smarty lopes a nice circle and knows his leads. We've used him for day work and he's great around cattle and dogs. Smarty has been great to have around and is friendly. He's easy to catch, shoe, bathe and load. Smarty also has a nice set of papers to back up his good looks and disposition. We've been riding Smokey out in the hills, on trails, in the arena and through cattle. He excels in all aspects and is really fun to ride. He knows his leads and lopes around nice in the arena. He's kind and gentle, the type of horse that gets along with everyone, but can still go get a job done. Smokey has 4 solid black feet and stands quiet for the farrier. ONLINE - CROW - 2009 GRADE Black & White Overo Gelding. Here is a finished pickup horse that has been used at a lot of big rodeos in the PRCA and used in both BB and SB events. We have used him to gather cattle and also used at sale barn all fall penning back and bringing up. You can carry flags on him in the grand entry and will get noticed. My 12 year old boy chased cattle out on him at the rodeos. He stands 15.1 hands, very flashy, absolutely no buck and stands great at the trailer. Sound, sane and safe for most anyone. Only reason for selling him is I got in a bad accident and won't be able to pickup anymore and he needs to go do what he loves. FMI 406-425-0167. Coggins. VO3

ONLINE - RAVEN & ODIN - 2016 GRADE Black Pony Mare/Aug 2022 Grade Black Pony Colt. Here is the cutest family to help start your holiday season off RIGHT! We got Raven (around 42 inches) almost a year ago with the intent of having a pony for inexperienced riders to play with and love on. Raven is great with inexperienced kids. Prior to us, Raven was used in pony relay races and packed kids ALL OVER so needless to say she has been exposed to life! A kind, young mare with more whoa than go, Raven will just sit there and let kids climb around her. They don't even have to hold the reins when they climb aboard, Raven just sits and helps kids gain confidence. You can jump on Raven bareback with a halter and ride around or saddle her up and go on adventures! She is a willing partner and will follow you just about anywhere, including into the horse sale office itself at Billings Livestock. We were told when we got her she might be in foal but she was always so pony round, that by the end of July we didn't believe she was but on August 2, 2022 she surprised us with Odin, a little black stud colt. And she is a TERRIFIC MOM!!! With this pair not only can you ride Raven, but you can train Odin the way you want (who btw was halter broke by a young girl in 10 minutes), breed her again for another foal (she is open) and keep Odin for a future sire as well. When he gets older, you could even break them both to drive a cart and have a cute team. Raven and Odin sell for one price - I will not separate them before or during the sale. Videos will be forthcoming. FMI: 406-672-1161. Coggins. VO4

ONLINE - NOSE FOR CASH - 2007 AQHA Brown Gelding x Hardways Fancy Cash x Cash In Your Bux out of Missin Wink x Missin Freckle. Approx. 15.1 hands. Nose For Cash AKA Booger is the type that can cover some ground. Heres a guy that can head out on the trails for a Sunday drive or put his work clothes on Monday through Friday and get the job done. Daylight to dark, he won't let you down. We got him with the intent to get serious about roping, but he gets a bit hot in the box. In the right hands and with more time than we ever gave him, he could make a great arena horse. Roped off him at the Three Irons a couple years ago and then have hazed off him at steer wrestling practice with Lee Myers. This boy has got SPEED and can be rated - once he's out of the box. When we got him over 2 years ago, he had a wire cut on right front pastern that was healing up and hasn't caused him any issues in the riding we have done with him. Booger has been out in a pasture keeping a donkey company all summer with limited riding due to no fault of his own, we just got too busy and that is why he is for sale, he needs to find his new job. The gals that work where he is staying go out once in a while and grab him up for a quick trail ride without issues. He is sharp minded which is why I wouldn't recommend him for beginners. I've had pheasants spook out from brush beside us and he'll do a quick side step that can take a beginner by surprise. He is use to dogs, cats, donkeys, etc. Booger can be stalled inside or outside. Booger usually has a nice long tail, but either the cows or donkey loved it too and thought it was tasty. There should be no problem getting it long again. Video to come shortly. ONLINE - KASH - 2018 GRADE Sorrel Gelding. Kash is a flashy gelding with a big blaze down his face and four white socks. He stands 14.2 hands tall, with a big hip and straight legs. He crosses water, currently has shoes on and has had teeth done this fall. FMI: 406-498-1653. Coggins. VO6

LUNA - 2016 GRADE Chestnut Quarter Pony Mare. Luna's sire is a cow bred quarter horse and her dam is a pony/Arab cross, Luna is a super cute, nice-sized pony, standing at 13.3 hands. She has been started on the barrels and poles and is starting to cruise through the barrels. Don't let her size fool you, she feels and

rides like a horse. She has been desensitized to many things, although she can still be a little looky and tends to be a bit head shy. Once she trusts you, she will do just about anything for you. I've had her going up and down ditches, over bridges, opening and shutting gates. She's willing to do just about anything when she trusts you. I have swung ropes on her and roped the calf sled on her a little bit, however she needs more work on this. She is very responsive and works very well off your leg. She stands great for the farrier and has very nice feet. Luna would be best suited with a handy kid or a smaller adult. FMI: 701-331-9963. Coggins. VE2

Raven & Odin SELL!!

ONLINE - RAVEN & ODIN - 2016 GRADE Black Pony Mare/Aug 2022 Grade Black Pony Colt. Here is the cutest family to help start your holiday season off RIGHT! We got Raven (around 42 inches) almost a year ago with the intent of having a pony for inexperienced riders to play with and love on. Raven is great with inexperienced kids. Prior to us, Raven was used in pony relay races and packed kids ALL OVER so needless to say she has been exposed to life! A kind, young mare with more whoa than go, Raven will just sit there and let kids climb around her. They don't even have to hold the reins when they climb aboard, Raven just sits and helps kids gain confidence. You can jump on Raven bareback with a halter and ride around or saddle her up and go on adventures! She is a willing partner and will follow you just about anywhere, including into the horse sale office itself at Billings Livestock. We were told when we got her she might be in foal but she was always so pony round, that by the end of July we didn't believe she was but on August 2, 2022 she surprised us with Odin, a little black stud colt. And she is a TERRIFIC MOM!!! With this pair not only can you ride Raven, but you can train Odin he way you want (who btw was halter broke by a young girl in 10 minutes), breed her again for another foal (she is open) and keep Odin for a future sire as well. When he gets older, you could even break them both to drive a cart and have a cute team. Raven and Odin sell for one price - I will not separate them before or during the sale. Videos will be forthcoming. FMI: 406-672-1161. Coggins. VO4

GENTLE!! Ranch and Trails

ONLINE - NOSE FOR CASH - 2007 AQHA Brown Gelding x Hardways Fancy Cash x Cash In Your Bux out of Missin Wink x Missin Freckle. Approx. 15.1 hands. Nose For Cash AKA Booger is the type that can cover some ground. Heres a guy that can head out on the trails for a Sunday drive or put his work clothes on Monday through Friday and get the job done. Daylight to dark, he won't let you down. We got him with the intent to get serious about roping, but he gets a bit hot in the box. In the right hands and with more time than we ever gave him, he could make a great arena horse. Roped off him at the Three Irons a couple years ago and then have hazed off him at steer wrestling practice with Lee Myers. This boy has got SPEED and can be rated - once he's out of the box. When we got him over 2 years ago, he had a wire cut on right front pastern that was healing up and hasn't caused him any issues in the riding we have done with him. Booger has been out in a pasture keeping a donkey company all summer with limited riding due to no fault of his own, we just got too busy and that is why he is for sale, he needs to find his new job. The gals that work where he is staying go out once in a while and grab him up for a quick trail ride without issues. He is sharp minded which is why I wouldn't recommend him for beginners. I've had pheasants spook out from brush beside us and he'll do a quick side step that can take a beginner by surprise. He is use to dogs, cats, donkeys, etc. Booger can be stalled inside or outside. Booger usually has a nice long tail, but either the cows or donkey loved it too and thought it was tasty. There should be no problem getting it long again. Video to come shortly. She's UTD on shots, teeth, wormer and trims. Great feet, no founder even though she overindulges every chance she gets. Her sway is natural, not injury, and she's strong with no problems. Quarter Pony Mare

LUNA - 2016 GRADE Chestnut Quarter Pony Mare. Luna's sire is a cow bred quarter horse and her dam is a pony/Arab cross. Luna is a super cute, nice-sized pony, standing at 13.3 hands. She has been started on the barrels and poles and is starting to cruise through the barrels. Don't let her size fool you, she feels and rides like a horse. She has been desensitized to many things, although she can still be a little looky and tends to be a bit head shy. Once she trusts you, she will do just about anything for you. I've had her going up and down ditches, over bridges, opening and shutting gates. She's willing to do just about anything when she trusts you. I have swung ropes on her and roped the calf sled on her a little bit, however she needs more work on this. She is very responsive and works very well off your leg. She stands great for the farrier and has very nice feet. Luna would be best suited with a handy kid or a smaller adult. FMI: 701-331-9963. Coggins. VE2
