Our Soundess Guarantee

We want you to buy and sell with confidence at Billings Livestock.

Credibility and Dependability are important to us.

At Billings Livestock Horse Sales, all horses that are ridden through the ring and sell as a result of being ridden through the ring, are **GUARANTEED SOUND** until Monday Noon following the Saturday Sale and Tuesday Noon following the Sunday Sale unless otherwise stated from the block. To further define our policy, if the horse sells at 6 p.m. on the Saturday of our sale, the horse will be guaranteed sound for an additional 42 hours - Noon on Monday. What we here at BLS Horse Sales consider sound is: Sight out of both eyes, good in the air, hit the ground sound on all four, and not to crib.

HIP 1

Sunny
09 Grade Palomino/Dun Draft Cross Gelding
Jesse Rodenbough Etna, WY

I am torn to offer this big draft cross gelding for sale but we sold part of our outfitting business and therefore do not have enough work for all the stock we have. Sunny is a palomino dun gelding that we have had and used for 5 years. We acquired him from a neighbor that raised this big awesome horse. He has been a hardworking, use him every day if needed and hold his weight kind of horse. He shoes easily, crosses water, mud and logs. We have roped off of him and he will pull hard from the horn as we have used him to drag the sled with bison in it. He is a very steady horse to pack. All my crew has loved riding him because you don't have to pedal him along. Saddle up and ride off in grizzly bear country in the dark and know you are riding one that has been there and done that. Video available by the 20th at www.wyominggeldings.com and FMI call Jesse 307-699-1191. Coggins

10 Grade Sorrel Mare
Boss Anderson Harlowton, MT

She may be small but she has the heart and go of most any horse twice her size! I've roped countless weined calves and 2 cows on her and she gives it all she's got! She keeps a rope tight when tied off and will really burn to one to catch it. Take the big circle in the pasture then when you get to the corral sort on her the rest of the day. She has no bottom. There isn't a cow that will step around her if you're paying attention enough to hold on. Had 90 days of training by "Bruce Keller" as a colt. She does require a more experienced rider because she really can move. Dirty tough and won't let you down. I ranch on her but give her any job and she will do her very best at it. Coggins.

Ima Speckled Smurf

Unknown

If you have been searching for a flashy appaloosa with a ton of color and shape, one that is really broke to ride and cowy, then Smurf is your horse. He is built like a quarter horse, the perfect size at 14.3 hh and stout with a big hip, plenty of bone, a pretty head and neck and a nice mane and tail! Smurf is 8 years old and has been used in the feedlot and on the ranch his entire life. He came out of West Texas, where he was used for all phases of ranch work including sorting pairs, riding pens, and dragging calves to the fire. Smurf rides quietly on a loose rein, with a really good handle and smooth gaits. He is a pleasure to ride out in the pasture, crosses water with no problem, and isn't spooky. Smurf is tough and sure footed, and he will go up, over and through anything you point him at. He is an excellent ranch horse but is cowy and has the athletic ability to make a nice sorting horse, and the mind and disposition to make a nice pleasure horse or family horse. Smurf would be perfect for an experienced child wanting to ride on the ranch with his dad or grandpa and learn to work cattle. He will work off your leg, side pass, work a gate, and has a one handed neck rein. Smurf is content to walk quietly all day long but will easily step into a trot or lope when asked. He can be ridden out by himself or with other horses, and doesn't mind being separated from the group. He has also been ridden alongside the road and in traffic and isn't bothered by it. Smurf's hardship registration with the ApHC is done. He is easy to catch, load, haul and shoe, he stands quietly tied and gets along well with other horses. FMI 605-881-6559. Coggins.

If you're looking for a draft-cross prospect, stop by my pen. Jimbo was broke to drive single and double last summer and fall by the older gentleman that raised him. He didn't have a match to him, so that's how I come by him. He's just been saddled a few times. Gentle, big and stout. Here's putty for the sculptor's hands - if you have the ability to make a high-dollar horse, here he is! FMI 320-305-1578. Coggins.

Carmelita
02 Grade Draft Cross Chestnut Mare
Michael Bennett Tenn. Colony, TX

I purchased this mare 4 yrs ago from Clancy McNabb who bred, raised, and trained this mare and there isn't anything you can't do with her. She is safe and gentle for absolutely anyone one. She is a complete babysitter for the youngest or most beginner but is super handy for the experienced hand. She is broke to drive single, double, 4 or 6 horse hitch in any position. You can hook any colt with her and teach it to drive. Clancy used her for 8 yrs on their wagon trains as a driving/riding horse for their guests. She has spent many summers in the Beartooth Mountains as a pack and guest horse for White Mountain outfitters. She has packed out many elk and deer on her. She is solid and sure footed anywhere you take her. She has been used for beginner riders to carry sponsor flags at the Cody Nite Rodeo and she has been in several drill team performances. She rides extremely well off your seat and legs, she also has an excellent one handed neck rein. She is taught to lay down so guests could get on her easily. Let her set as long as you want and she saddles up the same and rides off without any fuss. She has never spooked or bucked. She is super easy to catch, walks up to you in a 600 acre pasture and you can swing on her bare back and ride her back to your trailer without a halter. She is 16 hands 1300 lbs. For more information call 307-250-9655 Check out her Video: http://www.youtube.com/watch?v=MIXRltxbOT4&feature=share&list=UU_pccdpVL7KegNPeviry8KA&index=1 Coggins.

He has done ranch work and been used for drill team. He has fox hunted and done a bit of jumping. He also has been used for barrel racing. My 15 year old daughter rode him for his owner last fall and went to a few barrel races but we got snow early and let him sit all winter. But he definitely had been patterned properly and she had a lot of fun with him. He could really go back to any of his past jobs. Ricky Piggott Wynnewood, OK

ENVY is a 5 year old mustang that has been very well trained and used on the ranch to prowl pastures, snub colts and break them to lead and ridden in the mountains. I have a lot more respect for mustangs now that I have used them. Envy has never offered to buck or even act cinchy and has an amazing handle on him. He will turn around on a dime and is in the bridle. I don't know where you could find another gelding that would go as long and through rough terrain as good and strong as ENVY will.
