Our Soundness Guarantee

We want you to **buy and sell** with confidence at Billings Livestock.

Credibility and Dependability are important to us.

At Billings Livestock Horse Sales, all horses that are ridden through the ring and sell as a result of being ridden through the ring, are **GUARANTEED SOUND** until Monday Noon following the Saturday Sale and Tuesday Noon following the Sunday Sale unless otherwise stated from the block. To further define our policy, if the horse sells at 6 p.m. on the Saturday of our sale, the horse will be guaranteed sound for an additional 42 hours - Noon on Monday. What we here at BLS Horse Sales consider sound is: Sight out of both eyes, good in the air, hit the ground sound on all four, and not to crib.

He is soft in the mouth, will side pass, roll back and stop nicely. We have used him to gather, sort and rope. Dunny has also been tracking the donkey very well, and shows promise in making a nice rope horse. This is a very nice colored gelding that is ready to be ranched on, or continues into a well rounded arena horse. Current on vaccinations, farrier and worming. Jordan 507-272-3571. Coggins.

He's logged the Hot Heels many hours this fall for the heel horses. He would be a good rope horse or pickup horse. He's been ridden outside a lot as well ponied colts and gathering pastures. Trick
01 Grade Pinto Pony Gelding
Becky Pennington Ft. Lupton, CO

Stunning pinto pony. Does everything; barrels, poles, goats, flags, figure-8, keyhole, trail and overnight camp trips. Jumps. High caliber rodeo pony. Currently used to heel on. Has won jackpot money in all events. Trick is a once in a lifetime pony. He is very broke, responsive, and does everything you can think of. He has been in Jr Rodeo for the last 3 years competing in the Trail Course, Barrels and Poles. He has also competed in goats, keyhole, figure 8 barrels, flags, and team roping. My daughter has won so many events on him that I can't even count them all. Would have won a saddle on him two years ago in a Jr Rodeo series if we hadn't missed the first 3 rodeos but she still won overall in flags and goats. Consistently outruns the big horses in gymkana events. He has been to the NLBRA finals in trail 2 years in a row. My daughter decorated him and used him for the grand entry every night. He has ponied colts, dragged the barrels out to be set up, ridden extensively on mountain trails, and even ridden english. He jumps very willingly, 50 gallon barrels are no problem! He has been on several overnight camping trips. He highlines, hobbles (he does know how to run in them tho:), ties for the weekend. He rides double and bareback. He is currently being used to heel on. He took 5th in the main and 3rd in the incentive four weeks ago at a WSTR add on #8 roping. Won Cactus bits and \$220. Trick was just used at the Brett Beach team roping clinic on Jan 25 & 26, 2013. He has also been used to turn back and sort. Would be a fantastic ranch pony. He would be a great fit for a kid who wants to step up and be competitive. He is not a hot head but not a dead head. He isn't a runaway, will lope really nice and quiet, but when you ask for speed he has a ton of it! Trick has no bad pony habits, no buck, bite or rear. Typical of ponies though, he is hard to catch in the pasture Watch video <https://www.youtube.com/watch?v=HDwiwLLkrRs> <https://www.youtube.com/watch?v=Tiukl6q7eKM> http://youtu.be/MjuO9zI_bdk <http://youtu.be/AI>

Houck Horse Company North Branch, MN

We got this pony from a riding stable that was downsizing their herd. This pony was ridden on state park trail rides for lots of years, by kids of all ages. Our 5 year old daughter loves riding Olivia. She is a very kind, gentle sweet mare and she does not get mareish at all. Lana has a blast riding her and will ride her until we pull her off. She is a little bigger pony so the kids will not outgrow her, however she is safe enough for the kids when they are just getting started. She is an angel to be around for brushing, picking feet and much more. She will stand tied all day you never hear from her. She is out in the pasture with the rest of the geldings & mares and gets along great. This is a VERY nice pony and we think any kid would do great with her. Clayette

Dakota is a small horse with a big heart. She has given me her all in the ten years we have been racing together. She has taken me all the way to NBHA Youth World in 2008. We placed sixth in the 2D, which put us about top twenty in the world. On average, we were placing at the top of the 1D in youth and the top of the 2D in the open. She has been a very consistent horse as long as she has a consistent rider. I have made about \$10,000 with Dakota. Although we have mostly barrel raced together, she knows all the gymkhana events. We competed in my local county fair until my senior year of high school. Outside the arena, Dakota is a great trail horse and is very patient when it comes to new riders. I have taught people how to ride on her and have also given toddlers rides. Dakota is not the horse for someone just learning how to race, but she would be great for someone who was ready to be more competitive. She helped me become a better rider and I'm hoping to give someone else a chance to learn more and compete at a higher level. Dakota is a horse that will give you all she has because she loves to race. www.youtube.com/watch?v=fT_3AqRpg_E For any questions or more information call Ashley (715)651-2229. Coggins.

Big strong made horse with lots of foot and bone. Ranch born and raised. Used there his whole life. Gentle and saddles up with no issues. Gathered big strings of cattle on him in the pastures. HIP 65

Dually
01 GRADE Sorrel Gelding
Heather Veld Brandon, SD

Dually is a 12 year old sorrel gelding. He was trained and raised by the Suttons in South Dakota as a heel and ranch horse. He is an awesome heel horse and started on breakaway as well! He could be used as a head horse because he is built like a tank. He has a huge motor! All the high school rodeo dads want to steal him and try him out for bull doggin because he is short, about 14.2, and like I said built like a tank. Dually has also been doing barrels for a couple of years now and is coming along, but he usually places in the 3D-4D at the big barrel races or big patterns. If you have a small pattern though you could place in the top of 2D and maybe even bottom of 1D! I started him on poles this summer and he knows the end turns, but needs a little work on weaving, once you get that down he will have a smoking pole pattern! Even with bad weaving this summer I clocked a 23! He does need to be tuned up a bit in the spring but once you have him tuned all you have to do is keep him legged up so he doesn't get ornery. When Dually is in the box he will want to crank his head to one side, but if you just tug a little on that side he will straighten out! I used Dually all summer for high school, rodeo and local and even big UBRA tour stop events. He handles it all very well. He eats and drinks on the road, and will even stay in the electric fence at rodeos! He has been around flags but is a little jumpy at them sometimes, otherwise nothing else really scares him! The only reason we are selling him is because we just don't get along and I need a more finished barrel horse instead of just started. This horse is super quick and catty, he won a race with a horse that was one and a half hands taller than him! If you want a horse who could be considered all around with a little more practice and patience Dually is the one! Coggins.

Shay is a beautiful chestnut mare in the prime of her life! She is hard working and very willing. She was a show horse for many years and can stay that way and have the showy kind of speed or you can kick it up a notch to get the job done. I have taken Shay out into the hills, thrown a rope off her, tied sacks around her, and thrown a tarp over her. Shay will go all day long! Been around cows, llamas, miniatures, 4-wheelers, planes, goats, sheep, dogs and ducks. Shay lunges, loads, bathes, clips, stands tied, good to shoe and trim. Never had any health problems with her. She does get a little humpy if you let her sit for a few months but never really bucked. Great mare, just don't have the money to keep her or the time to keep working with her. Levi" is a 10 year old gelding, standing 16 hands tall. He is a classic, line-back dun with tiger stripes on his legs and no white markings. "Levi" is a great horse, he has been to many ranch sorts and is very cowy. He has been in three parades, he has run in the Sweetwater County Pony Express Re-Ride for the past three years. He travels great in the mountains and on trails. He took Reserve-Champion in the 2011 All Breed Mustang Versatility Trail Series and took Grand-Champion this year. This horse can go all day and barely break a sweat! He would do best with someone that can give him a job and ride him more than once a week. He has had many hours of training, flexes nicely, neck reins, "listens" to leg que's and stops on a dime. Peanut is an all around little mare. She has been ridden outside and in indoor arenas. I have taken her in the mountains, through water, mud boggs, over log jumps and bridges. I have ridden over trail obstacles, through tires, up on wooden platforms, through noodles and she has done everything I have asked her to do like a champ. No spook to her, good minded and one smooth mover. She has been ridden outside on cows and has been Team Sorting and Penning in indoor arenas. She has no problem going into the herd and doing her job. Peanut will load in anything. I haul her mostly in a two horse straight load, she goes right in and backs out quietly. She stands great for the farrier, clips, ties, easy to catch and loves her lovin. Did I mention she's cute to boot? For more info. call Stacey 406-493-2184. Coggins

"Boon" is a cute handy sized dapple-gray gelding. He stands around 14.2 and can really get around. Boon is very catty, he has quick roll backs, pivots, side passes, takes his leads, and has a big stop. We have been roping the hot heels on him as well as riding him outside and using him on the ranch. Boon has all the talent and should make an outstanding heel or calf horse when finished! Shortcake
07 Grade Palomino Quarter Pony Gelding
RMO Horses Heber City, UT

Here is a real cute little gelding. He stands about 13.2 hands and rides around really good. He has a good handle, cute as a button, and big enough to let the big kids ride if they want. He's probably best suited for a kid with some sort of riding experience just not a first timer. Fun little horse that has no fear and goes where you ask. Moves around really good for a little horse. Would make a great pony club horse, ranch horse for a kid on the ranch, or for someone who doesn't need a big horse to ride. For questions please call Joe at 801-361-6772 Watch video of Shortcake at <http://www.rockymtnoutfitters.com/pages/?page=24> Finalist for 2010 & 2011 for North America's "Guide Service of the Year" by ORVIS. We call this great horse Popper, and he has had a lifetime of experiences. Popper is a horse that has had a career on a ranch, and with his trusting nature and willing attitude, he has always excelled. He has been started heading. He is quite in the box and scores like a champ. With some continued training he would be ready to haul this spring. Popper has been around cattle his entire life, and he has a ton of natural instinct. A few of the activities that Popper is quite familiar with and is certainly proficient at are Brandings, Doctoring Yearlings, and trailing cattle. Popper has been used during calving and has even been a reliable mount during night time shifts. After calving he has been used to heat detect registered cattle. He is soft and responsive and can side-pass to open and close gates. He is a well-mannered, respectful and athletic gelding, but he definitely is NOT a hot head. Popper is a big horse that stands 16hh and weighs every bit of 1300 lbs.. He is foundation bred and his sire is 90.625 percent foundation, and he is registered in the Foundation Quarter Horse registry. He is a fun horse with heaps of eye appeal; his look epitomizes the breed standard. Popper is a horse that truly trusts humans, and years of work combined with a wide array of situations have produced a gelding that will safeguard your welfare.

At 15.2 HH Big stout gelding, bred to run, but goes any speed you ask. Ranch used gathering cows, checking water, working in the feedlot. This horse should be suitable for an intermediate rider. Leave him for weeks at a time and will ride off like you never left. He is patterned on the barrels. This guy will take you any direction, just point him and he will take you there. Make him your next ranch gelding, team roping horse, or barrel horse. ONLY reason for selling is I am going to school and we are running out of time for all our horses.
