**NOTES:** GRADE. Pawnee is located Walker, Minnesota. Pawnee is a 13 year old, 12.3 hand red dun quarter pony mare that we have owned for 6 years and done just about everything imaginable with. She is SAFE but not for a beginner unless they are confident as she is extremely fast and this pony wants to WIN!! She is an amazing jumping pony that easily jumps a 2' 6" course and has been jumped up to 4'. She is also a Finished gaming horse who knows her job and loves to do it. She knows all of the WSCA games, has been to Champ show and placed very well. My son has won many buckles on her and she always places in the top in Barrels, Poles, Jumping fig 8, Flag race, rescue race and my sons favorite game scuddaho which combines poles, barrels, and jumping into one event. She beats out most of the full size horses in the open class events. She is safe, no buck, easy to get in the gate, will go any speed you ask but if you don't ask she prefers to fly!!!! This pony knows her job, has a big motor and loves to use it! Pawnee has also been used for breakaway roping and trail riding. My son has been showing her since he was 8, he is now 14 and ready to move on to a full size horse. Pawnee has never had any soundness issues, always been barefoot with great feet, ties, loads, bathes, up to date on farrier and vaccinations. This girl is ready to take her next family to the top.
