"CLAY" (Grade)

NOTES: AQHA. Located in Saint Ignatius, Montana. Beautiful cream colored half draft gelding. Broke to ride, pack and drive, on or off either side. Well seasoned gelding that has seen it all. We've utilized his size on the ranch to rope and doctor cows and bulls. He walks, trots, lopes easily and comfortably. He's not super wide and has a smooth gait so you can ride all day and not get sore. He's great in the mountains and moves out nice for a half draft. Clay wears a size 3 shoe and is easy to handle. He has some old scarring on his hind legs from a wire cut but it does not affect his performance in any way. He loves little kids and will gladly pack them too. He has been in parades, horse shows, costume classes, packed in the back country, and worked under harness. If you're in the market for an incredibly sensible, nice mount with good color he's your guy. Current PPE, coggins, and utd on vaccinations. Willing to hold up to 10 days after sale at no charge.
