Just Flat Does It All

2005 AQHA Dun Gelding x Flighty Jack x Pats Beaver out of Blackburns Poco VB x Mr Blackburn Champ. Jack is one handsome gentleman. He has been Ida's "go to" horse for the past two years and there hasn't been anything that she has asked of him that he isn't willing to do. He doesn't get ridden daily just when she needs a solid, dependable horse he's the one she gets. He is super broke, rides off your seat and legs, excellent one handed neckrein, very soft and supple. He is a very kind hearted and willing guy. Ida has rode him everywhere from up and down the mountain, to town for parades and to the rodeos in the drill team where he will run in any position from lead to last. He has done every job on the ranch from gathering to sorting to brandings. Jack is gentle enough for a novice rider or a younger child but handy enough to get any job done that you need. Let him set and he will saddle up and ride off quiet with no hump, buck or spook. He's been saddled up at -20 below with 3ft of snow and wind howling when none of the vehicles would run to feed all the other critters and he never complained a bit. 2005 AQHA Dun Gelding x Flighty Jack x Pats Beaver out of Blackburns Poco VB x Mr Blackburn Champ. Jack is one handsome gentleman. He has been Ida's "go to" horse for

the past two years and there hasn't been anything that she has asked of him that he isn't willing to do. He doesn't get ridden daily just when she needs a solid, dependable horse he's the one she gets. He is super broke, rides off your seat and legs, excellent one handed neckrein, very soft and supple. He is a very kind hearted and willing guy. Ida has rode him every where from up and down the mountain, to town for parades and to the rodeos in the drill team where he will run in any position from lead to last. He has done every job on the ranch from gathering to sorting to brandings. Jack is gentle enough for a novice rider or a younger child but handy enough to get any job done that you need. Let him set and he will saddle up and ride off quiet with no hump, buck or spook. He's been saddled up at -20 below with 3ft of snow and wind howling when none of the vehicles would run to feed all the other critters and he never complained a bit. For more information call 307-250-0900. To see more pictures and a video of Jack go to www.mcnabblivestock.com Coggins. F2

He saddles up quiet and rides off the same no matter how long you've let him set. He is gentle enough for the most beginner but we have done every ranch job on him and he's good at it all. He's been rode up and down the mountain, in town and used for horsemanship clinics. Chico is a sure footed solid mount for everything we've asked him to do. He will load in any trailer and back out. Chico is excellent to bathe, clip, and shoe. Whether you are looking to a good kids horse, a fancy ladies horse, from ranch work to trail riding, Chico is one you shouldn't pass by.
