Dusty is absolutely the most adorable young gelding with a bright future as a rope horse prospect! This is the prettiest colt we have ever raised. His dam has produced multiple siblings that we have trained and won money on team roping. This dun colt is a super correct well put together athlete that will shine in the Ranch Confirmation classes as well. He isn't just pretty, there have been lots of miles and experience out in the hills. We have gathered and trailed cows, branded calves, and ridden on poker rides. I have roped and doctored cattle in the feedlot on this willing young gelding. Dusty can work a gate, has sorted cattle in an alley, and loaded trucks. He is confident and sure footed out on the trail, and will go anywhere you point him. Going through streams, over logs, cross bridges, and into dense trees doesn't faze him. Great to catch, stands calmly for the farrier, loads amazing, and always looking for attention. Whether you want a rope horse, trail horse or a Ranch Versatility show prospect, Dusty will definitely get you noticed. FMI 406-600-1105. Coggins.

Two Bit has spent his fair share of time working in the feedyard and also been over the hills outside. I have sorted, shipped, rode pens and roped cattle in the feedyard on him. Two Bit was started heeling steers this spring and is making a real nice heel horse. He will be a little cinchy if not rode for a week or so. This gelding is sound, sane and gentle. 620-640-2954. <https://youtu.be/b8xu5B8f4ls> Coggins.

Bo is going to be lots of fun to ride. He is one FLASHY gelding and he will get you noticed in the show pen. There is no way a Judge won't see this horse. He is quick and cowy and is never in the wrong lead when he is playing in the round pen or just goofing around out in the pasture. Bo was turned out this spring and he spent the summer learning about being a horse. He has good manners and is easy to work with. We don't do much in the round pen just some manners and working with their feet. Bo is pretty much a clean slate for any trainer. UPD on shots and wormer. Fire is going to be a "big country - take the outside circle" kind of horse. She has lots of getup and go. Fire should mature 15hh or more. She has always been just a little bigger than her siblings the same age. This spring we turned her out in the big pasture to run with the older horses and learn social skills. Brought her in the first week in August to get ready for the sale. She remembered everything she learned in baby horse training and is doing great with her continued ground-work. Aspen is certainly bred to make a jam up barrel horse and with her eye catching color and correct conformation and structure, she will excel in the calf horse, heel horse, or break away events as well. She is a good sized filly, standing 14.2 in mid-July of her yearling year. Her mother stands close to 15.2, so she should have the size and mass to handle a hard days work when she is finished maturing. Her grandsire PC Bronsin was one of the cornerstone stallions for the very well-known breeding program for the Cragos in SD. Dandy, as she is called around the place, sure is a Dandy. This beautiful buckskin yearling filly is loaded with style, class, charisma, and presence. She is big hipped, pretty faced, and straight legged, and her gorgeous buckskin coat color sure won't hurt her either. She is bred to be a jam up barrel horse, through her grandsire Smoke N Sparks, and will surely watch a cow as well with her strong cowhorse pedigree on the bottom side. Smoke N Sparks is a million dollar sire of money earning barrel horses, so having the speed to make a nice barrel horse, if you are so inclined should be no problem. If you are in the market for an outstanding yearling prospect, you should take a close look here. FMI 307-856-0319. Coggins.

This good gelding has been a vital part of our ranch and is a dependable horse for all big jobs. My cousin raised him and I loved his momma so I bought him. I've trained him while using him on our ranch. He's been in our family his whole life. He's very very well-mannered on the ground. An absolute gentleman to shoe, load and catch. Loves a bath and has a calm demeanor. He stands 15.2 or almost 15.3 and weighs 1300 lbs. We call him Gus and he will run a cow down a badger hole. I drug a lot of calves to the fire at various brandings and he's a trooper and a veteran at it. We've used him to gather wild maverick cattle and I've roped big bulls on him that never saw a man and he held em well. Like I said, dependable. I've hauled him to big cuttings and used him as my turn back horse many times. I've roped and doctored alone on him a lot and used to calve heifers. He ground ties well and isn't bad to bridle or saddle. He isn't herd bound or barn sour. He's spent days in the trailer waiting for cattle to be bought at the sale and never paws or gets impatient. He's a ranch horse, plain and simple. I've recently started heading steers on him and he wants to do that well too. I've rode a million bridles on him and he takes em all pretty well. Rarely ever put a tied down on, only to team rope. He'll wear a size 1 shoe. That beautiful bay color that won the west. If you've followed our Facebook page the last few years you'd have seen him pop up a lot. He's really and truly one of my dependable go to horses. Make a wicked barrel horse too but I haven't talked myself into sharing him with the Mrs yet. That's ok. I got a nice couch. If you're looking for a real ranch horse that'll have a bright future as a head horse, this is him. I bought him from my cousin who raised him and he's never seen another family or a sale barn. Been hauled from Idaho to Texas as a help horse and done it all. I'm proud of him. You will be too. Go to Hulme Ranch on Facebook or call 940-456-0876 for more info. Coggins.

This is a great gelding in and out of the arena. He is super fun and easy to head off of and would fit nearly anybody that was on him. He also is a super solid heel horse and is patterned on the barrels. Roani is very broke and has a great stop on him. He has a lot of speed as well as a super nice face. You can ride him outside, ranch on him, and do basically anything else. This gelding is overall a great horse to have around! The goats did get some of his tail shortened, it's just to his hocks but he does have a nice, thick tail and it will easily grow back with time. 406-431-3649. Coggins.

Azul is a five year old ranch gelding that we have owned for two years. He is not herd bound and rides out good. He is an attentive learner and has started to develop a great stop. He also has a fine long trot and a smooth lope. Azul neck reins well and will patiently wait for you to get on. He is fun to use in the branding pen and has been our go to horse for brandings. Azul watches a cow well and is a well minded, gentle gelding. We have been roping the heel o matic and heeled slow cattle out of the box this summer. He is ready to be a team roping prospect, trail riding horse or continue to be a great ranch gelding. He is easy to bathe, shoe and catch. 509-322-1035. Coggins.

Tiny is a big, stout, 16.1 hands gelding. He has the smoothest trot and lope of any horse I've ever owned. Tiny is great in the mountains and arenas. Go turn steers on him then head to the mountains and go for a trail ride or go hunt and pack out your deer or elk with him. The kids really enjoy riding him they feel on top of the world. Call or text Daron 801-473-4481 if you have questions or would like videos or pictures. Don't miss out on owning this gentle giant with the right color. https://youtu.be/OezhDsBrB_g Coggins.

A uniquely colored buckskin with silver in his mane and a pedigree that is packed with cowhorse legends from both in and out of the arena - Paddys Irish Whiskey, Peppy San Badger, Two Eyed Red Buck and Nu Chex To Cash. JC has manners in the stall as well as in the arena where we have done basic ground work. He has been tied up at the hitching rack learning patience, I've lead him to the creek where he has pulled me into the water just because he loves to play in it, and he isn't afraid of loud music in the arena, he has actually stood on my speaker while it was booming. Good looking, stout, beautiful conformation, a charming personality, a willingness to learn and a natural born drive to work cattle all in one 13.3 hand handsome package. NOTES: ROPE-ONLINE-SONS & DAUGHTERS - WHISKEY BAR – “Dublin” is a Grandson of Paddy’s Irish Whiskey on the top and Sonitas Luck on the bottom. Dublin has been used for the past 5 years for all phases of ranch work; roping, gathering, sorting, doctoring, and dragging calves to the fire. He is strong on a rope and has roped some big cattle with ease. He is as cowy as they come and, has been hauled to team sortings and pennings. We have used Dublin as our demonstration horse at our various horsemanship and cattle handling clinics. Dublin has great ground manners. He has produced some extremely nice colts with big hips, great conformation and smart minds. He has done both live cover and pasture breeding. <https://www.youtube.com/watch?v=JkB1QJp4zRo> Call or text for more information - pictures of offspring available. 406-361-5265 or 406-369-0120. With a power packed pedigree as a son of Once in a Blu Boon and out of an own daughter of High Brow Cat. Reined cow horse trained, Lightening will lope pretty circles, has a lead change, can turn around and is a deep stopper. In front of a cow, he has a lot of eye appeal and comprehends the task at hand. Very fun to take down the fence and showy on cattle. Has a great trot for those of you who are interested in the Ranch Riding. Started roping in the arena. Has been ridden out on the trails, in rough terrain and in the rivers. Strawberry
2011 Grade Red Roan Pony Mare
CS Performance Horses Jacksboro, TX
 Strawberry is a gorgeous, 10 hand, always gentle, pony mare. She rides out nicely by herself, she's a great lead line pony for the kids too. She leads, loads and ties great. She hops in and out of the trailer like a pro and fits in where ever you put her. Strawberry is good with her feet. She doesn't have any vices like spooking and is more whoa then go for the littler ones. She ponies great down the trail and follows and goes wherever she is asked to. This is a really fancy pony mare that any family will love to have. FMI 406-897-4717. Coggins.

Dolly is one of the best horses you'll find! Work her all day then take her to the jackpot/rodeo that night! She is a mare who has been there and done that! Dolly is a sound, sane, and SAFE finished ranch horse! ANYONE can ride her, from beginners who have never been on a horse to experienced hands. She is the kind you can put a newbie on in the branding pen and she'll take care of them. She is hobble broke, ground ties, stands still to mount and is excellent for the farrier! She has been used extensively on the ranch gathering pairs, doctoring, roping bulls, branding, fixing fences, etc. in addition to extensive feedlot and sorting work! Anything you can think of she has done. Dolly is a finished head horse, nearly finished heel horse (just needs slightly more seasoning to call her finished) and has been started in the breakaway and calf roping. She backs in easily and is quite in the box. Any level of roper could use her, she will give you a shot every time. Straight legs with very minor (nearly unnoticeable) scrapes/scars from running in big rough country. Short tail from running in large brush filled pastures. Hauls and stalls without any concern. Hopper is a gorgeous gelding with a beautiful flaxen mane and tail. He is made how you want one. We have owned Hopper since he was 4 years old and bought him directly from the people that raised him. I took him to the futurities as a five year old and he had a lot of success in the barrel pen. Hopper has since been used as a ranch horse, trail horse and head horse. He is super broke in the arena where he will lope collected circles, has a great stop and awesome turn around. He spent the last two winters in Arizona and is ready to be hauled in the heading. This gelding is an in your pocket gelding and we can't say enough good about him. He is the same ride whether you ride him once a day or once a year. He stays gentle every single day. Speedy is a small horse but has a big motor. He is a finished head, heel and breakaway horse. Also knows barrels and poles. He is very gentle and sound. Our 13 year old daughter learned how to rope on him and has hauled him to barrel jackpots. He has been used lots on the ranch moving cattle and gathering bucking horses. 701-471-6979. Coggins.

Speedy

Rouger is an outstanding prospect showing potential in all events in the arenas. Rouger is gentle, kind and ready to please. His pedigree speaks for himself and he has not disappointed us with anything we have thrown at him whether that be roping the hot heels, dragging a calf, or opening the roping chute he has done it with ease. The hard work has been done with this colt, he is ready for someone to give him a job of their choosing and finish him. He if Future Fortunes eligible. FMI 406-853-4626. Coggins.

Marshall is a very gelding that stands 15.1hh and weighs 1275lbs. Super nice with the ability, size, and shape to boot. He is an own son of Cats Red Feather (NCHA LTE \$221,223 and produced \$1,912,715 in NCHA money earners). Marshal is an outstanding ranch horse and has been used in all aspects of ranch. He is super quiet, laid back, and level headed. He has had tons of cattle doctored outside on him and has a ton of run, but has the rate that you'd want one to have. He's been used in rough country and takes to the rocks like a mountain goat. Marshal is stout to the horn, works a rope, has a lot of cow, and is fun to sort on. He rides soft and collected and has a trot you can ride all day. With a big stop and a very willing attitude, Marshal has all the potential to make a high caliber head horse. He's the same horse every day even with time off. You can pull him tight and go do a job without worrying about if you'll be left hanging halfway through the day. He's one that won't quit you and will have your back no matter what job you present him. Marshal is easy to get along with on the ground, good to shoe, and a gentleman through and through. Sound and sane in every way. FMI 903-431-7391. Coggins.
