NOTES: ONLINE-SONS & DAUGHTERS – SOMETHING METTALIC – “Lincoln” is a gorgeous, strong made gelding. He is the real deal and he is gentle to boot! Lincoln is a trained cutting horse who has been used on the ranch, for trail rides and ranch horse versatility shows. He has a great one hand neck rein. Lincoln works off your legs and drives up into the bridle. He is intense on a cow . He is gritty, consistent and rides off a loose rein, can be ridden in everything from a halter, snaffle or shank. He is great on the trails, goes through the desert canyons, ungroomed brush trails, in a group or out by yourself. He is a gentleman with great ground manners. He stands in the crossties, is easy to saddle and bridle. Lincoln is a pleasure to have in the barn and a horse you can enjoy in the arena and outside. UTD on dental, farrier, vaccinations and deworming. 100% sound. View his video on Youtube under Kruger Performance Horses Something Mettalic. FMI 320-905-3914. Coggins.

NOTES: ROPE-ONLINE-SONS & DAUGHTERS – DH WON TA BE SMOOTH – “Sweet Pea” is 15.1hh and 1300lbs. an absolutely gorgeous sorrel mare sired by A Smooth Guy out of a proven daughter of Dash Ta Fame. Perfect conformation, gentle and sweet disposition, and the correct training foundation. We purchased Sweet Pea as a 2 year old and have had her doing every aspect of arena work. Sweet Pea has no issues, no vices, no quirks, no maintenance. Sweet Pea is solid in the barrel racing. She has had limited hauling, at no fault to her. Over the last few years, I have not been able to compete much as I like and she is not being used to her full potential. She just needs seasoned and more runs. Sweet Pea needs the perfect home where they will take her to do great things. Paid into Pink Buckle and numerous other incentives. ROPE-ONLINE-SONS & DAUGHTERS – REVVED UP MERCEDES – “Mo” is one special gelding! Finished show horse who has won many saddles, buckles, and money in the reining and ranch riding as well. He is very easy to operate; he spins effortlessly and is a big stopper. He will take care of his rider at all times including our 7 year old son who rides him everywhere in the arena and on the ranch. We have used him outside on our place in Idaho in rough country gathering cows as well as trail rode him extensively in the Arizona desert. Mo is also a very nice rope horse both in and out of the arena. He is very cowy, will run to one, has lots of rate and will handle one like a dream. He has a very cool move in the hole and will face fast and smooth. Mo will stay gentle no matter how long the layoff. <https://youtu.be/JSQGoKnhq9o> FMI 208-550-0992. Coggins.

NOTES: ONLINE-SONS & DAUGHTERS – LENAS AMAREYLO – “Shorty” is COOL! He was trained as a cutting horse, then used to rope on, and was a queening horse. He packs flags, does flying lead changes, sliding stops, rollbacks, spins, you name it he does it! He would be perfect to continue on as a queening horse or would make a perfect 4H horse. Been hauled to rodeos and has done grand entries, packed flags, and cleared arenas. He is sensitive and very light mouthed, so would recommend an advanced beginner/intermediate rider. Shorty does require corrective shoes and some joint maintenance when being rode frequently to remain sound/comfortable, but his ability and willingness makes up for it! Don't let his age fool you! He's got a lot to offer. For any questions you may call 307-752-5014 and would be happy to discuss any details further. Coggins.

NOTES: ONLINE-SONS & DAUGHTERS – CHALULA – “Chalula” comes with tons of talent and personality. This little mare really likes to work, very willing and extremely smart. This mare is eligible for the ranching heritage shows and would do great in ranch riding, trail, reining, or turn her into a heel horse. We turned her out to pasture this spring and she did get a wire cut on her hock but its healed up and she is 100% sound on it we have pictures of the leg if you want to see them, we are glad to send them to you. It is a smooth scar and does not affect her. She's a pro, no hump or buck she is ready for you to finish your way. We have used her all over the ranch and she excels every time we take her out. Cute head, keen eye, beautiful neck that ties into the shoulder very well a nice slope to the shoulder, a good wither, short back. To top it all off, she has that pretty new copper penny, shining sorrel color. We welcome you to come ride her with us and we welcome you to do a PPE at your expense. STANS DRIFTIN LEGACY - 2017 AQHA Bay Stallion x JA Wily Frostem x PC Frost Em Peppy out of JA Clinewood Baby x PC Citisun Cline. 1180 pounds, 15 hands tall. Stephanie and I are excited to bring you Stanley! Stanley represents several forward thinking horse people. In our program, we have searched out the people and horses we admire. Stanley Johnson would be #1, and you could include Pat Cowan along with him. This horse represents both of them well. We have brought Stanley along slowly. This is the first year we used Stanley as our service sire. We bred all our mares to him, 7 dry mares by halter and also turned him out with 8 mares and colts. He surpassed my expectations as a stud out with mares. I love the way Stanley is bred, if you study the maternal line. We have had great results using horses bred this way. Lots of PRCA horses in his pedigree: double bred Wilywood, triple bred Peppy San Badger and he's double bred Sun Frost from the same maternal line. Stanley's paternal grandam, DVA Miss Pep Wood ranks at the top of Jamison Quarter Horse Ranch's herd. Her sons are serving as studs in Canada, MO, CO and OK. She is a full sister to PRCA calf roper stallion DVA Maxi Driftwood that saw a lot of use at Jamison's and is now owned by Balkenbush Sunshine Ranch, MT. We had the misfortune of losing JA Wilywood and this is one of the only sons of him. On his maternal lineage, the JA Clinewood Baby mare has been an outstanding producer for us. Her first colt was Stanley. Her second colt is a bay roan gelding working

for the Jeff Kading family in MT. Her third and fourth colts are very nice blue roan fillies that we are retaining. The maternal grandam JA Orphan Drift Baby has consistently produced some of Jamison Ranch's top tier colts. The great grandam Wilywood Baby won calf roping and confirmation class at the Foundation Quarter Horse Show. Add on that he is double bred to the PC Peppy Kate mare which produced several stallions for the Cowan Ranch that went on to do well for others. One of them being, Treasure State Quarter Horses in MT and their horse Mr. Sun Peppy. He would also be double bred Sak em San through PC Peppy Kate. I started Stanley as a coming 2 year old. He has ran with yearling to 2 year old stud colts every year. He is currently being ridden by: Runt Rageth. If you have questions feel free to call him at 660-748-3696. We believe in Stanley! Taylor stands in at a stout 14.3 HH. This cool gelding is the one you have been waiting for. He is a switch-ender in the team roping and does either end just as good. He leaves flat, runs hard, with a nice move on the head side and knows his job on the heel side. Taylor is a natural on the ranch and is everyone's first choice when there's cattle to be doctored. He will drag calves to the fire, push through bog and bush for stray cattle. You can ride him outside by himself on the trails or load up and haul into town to a jackpot. He is good to load, shoe, clip and bathe. 780-515-0715. Coggins.

14.3 hands. At 4years old, this mare 'has been there - done that'. She is great on the trails, cattle drives, ties all day, stands for farrier and loads with ease. Dolly loves people and attention. She is super easy to catch and even comes when called. You can rope, crack whips and shoot off of her and we've even done some fishing from her, too. We've tracked/roped both ends of the hot-heels with her as well. X Box is a tailor made 14.3 hand, 1200 lbs gelding that is well broke to ride. He was trained and used on a ranch his whole life. X box has done every job on the ranch, from branding to pasture roping and doctoring. He has a big hip, short back, and cute baby doll head. X box has nice lope departures, lopes around on a loose rein and steers easily one handed. He will bury his hind end when asked to stop and can get over his hocks swiftly. We have roped the heelomatic a lot on him as well as started roping both ends out of the box on him. Zoomie is outstanding built and has an amazing pedigree. He is a big and shapey 2 year old gelding. He stands 16h already and is broke to ride! He has never been raced or sent to the track due only to his late birth date and his owners decision to retire. He is enrolled in the AQHA Bank of America Racing Challenge and ready to go to the track or take him in any direction you wish. This guy has the speed to win and the athletic ability to make a great barrel or rope horse even a hunter jumper. You would have to look a very long time to find a two year old with a pedigree like his and as kind and good minded as this colt! He is by Zoomin For Bux and out of an own daughter of Beda Cheng (Beduino) and Sizzle Te bred mare. Zoomies yearling brother and his dam are also consigned to this sale so check them out as well. This colt is going to be great at whatever direction he goes and look good doing it as well! He is sound, broke, kind and easy to look at! FMI 360-789-9755. Coggins.

Five year old dun gelding that has been used for all aspects of ranch work on several different outfits. He's been packed on and rode all over the mountains the last two summers being used on cow camps. He spent this summer on a yearling operation as well as having a few bucking horses picked up on him. Thumper has seen the last couple winters being used in the feedlot to pull, sort, and ship cattle. Thumper wants to be really cowy and has had a ton of cattle doctored and loaded in the trailer on him, he really tracks and has a lot of rate. And will pull a house down and he'll sit back and really hold a rope. He will go anywhere you point him whether it's in a bog or up a mountain or through the downfall timber, he handles everything in stride. His only quirk is that he used to want to kick a little when we first got him, he wants to be really good but a person needs to respect he had that issue before. Stands 15.1 and weighs 1200 he's the right size to go any direction. This horse is ready to go to the arena and make someone a spectacular rope or barrel horse or keep using him on the ranch. Coggins.

Legs is a very unique blue eyed gelding! He is registered AQHA but could easily be APHA registered as well. He stands 14.3 hands already. He has been started slow and correct and has about 15 rides on him. He is extremely quiet and just wants to please. Moves off your legs and is very soft in the face already. Legs could go any direction! Roping, cow work, or even just a good all around "go to" ranch or trail horse. This colt will make someone a heck of a horse. The only vice Leg's has is he will crib when stalled but does fine with a cribbing collar. Savana 406-253-8519. Coggins.
