Welcome to Cowboy Country!

and welcome to Billings Livestock Horse Sales!

This month has it ALL in the rope horse department...from horses to start out your roping career to those who will take you to the paywindow at PRCA rodeos, we got it going on in Billings, Montana.

It's our 21st annual SPRING ROPE HORSE Sale with right at 100 ROPE HORSES consigned. All in one place, all in one weekend.

And you can watch them all go in our Friday afternoon Sale Horse Jackpot at Miller's Horse Palace. It's enter at 1, rope at 3 - two complete goes - so - you can watch the horses a minimum of six times each. It's a great set up

At BLS we also know the importance and power of previews and the opportunity to show the horses - in whatever their discipline. WE want to see them so we know YOU want to see them, too.

Our Soundness Guarantee

We want you to **buy and sell** with confidence at Billings Livestock.

Credibility and Dependability are important to us.

At Billings Livestock Horse Sales, all horses that are ridden through the ring and sell as a result of being ridden through the ring, are **GUARANTEED SOUND** until Monday Noon following the Saturday Sale and Tuesday Noon following the Sunday Sale unless otherwise stated from the block. To further define our policy, if the horse sells at 6 p.m. on the Saturday of our sale, the horse will be guaranteed sound for an additional 42 hours - Noon on Monday.

What we here at BLS Horse Sales consider sound is: Sight out of both eyes, good in the air, hit the ground sound on all four, and not to crib.

Your confidence in our sale does make a difference! See you at the sale - and remember - at BLS, We Like Horses!

So...this month, we are added a SPECIAL PERFORMANCE PREVIEW of barrel horses, cutters, saddle/ride/reiners, an tie down horses at the HorsePalace Arena, Friday beginning at 1 p.m.

Good ground, good set-up, a good way to make your short list.

BOTTOMLINE - At Billings Livestock, we like good horses. We know you do, too.

That's the difference at BLS. Previews are priority - they are important to us and to this sale.

Thank you for coming to Billings. We want to be YOUR sale of choice - buying or selling. Come see us.

While direction and straightness are still a work in progress, impulsion, responsiveness, and above all her willingness to learn are key strengths. He doesn't buck! He is not for a beginning rider because he does have some pep to his step but he will work for a kid who needs to step up to a more lively horse. NOTES: Aces N Eights is a really talented 3 year old colt. We have owned him since he was weaned and we have had him in our program with over a year of cutting and cow horse training. Ace is on track for the Snaffle Bit Futurity and is really showing some promise. He cuts good and has a lot of style and cow. He reins great, never missed a lead change, has a big smooth stop and stylish and framey turn arounds. Ace is a wicked fence horse and can run and scoop up a cow. We have also used him daily on the ranch and have branded calves and sorted pairs and prowled pastures on him. We are honored to offer him at this great sale and we will be sad to see him go. If the new buyer wishes, we would be happy to keep him in our program and show him. Color, conformation, pedigree, athletic ability and class. Clean 5 panel test. Call 940-456-0876. Coggins.

Tuffy is a horse that we have had and hauled for our number 1 for a long time now. He has been to the local jackpots, WS ropings, the PDL in Reno and everywhere between. Tuffy has been a winner for us on both ends no matter who was on him or what setup he was in. Tuffy works and wins for everyone from a 62 year old man to a 17 year old girl, from a 9 to a 4, he's honest to everyone. He scores outstanding, leaves flat, runs hard, and is easy to catch on. Tuffy times cattle well heeling and has a nice stop. He has been used out on the ranch, loaded trucks, branded calves, and knows a full days work. Tuffy has broken in hundreds of fresh steers, ponied colts, flagged the BFI and any other job that needs done. He is kind-natured, in your pocket, great to bathe, shoe, clip, haul, stall and catch. He is broke well, rides right up in the bridle like a good one should. His only vice is being cold-backed. If you want a do it all horse that's pretty to boot, he might fit you. At 15 hands, 1,150# and wearing a size 1 shoe, he's made to last. Check out his video at <https://youtu.be/3dqH9rAZtmk> or visit www.washburnperformancehorses.com and look for Tuffy. Jack has been one of the nicest horses I have ever been around or have ever had the opportunity to own. He has the calmest disposition and I would trust him with any rider; big or small. He is 15.1 and built as nice as they come with a beautiful head as well. Jack never gets heated up, you can pour the feed to him and he always has the same attitude. You can head on him, you can heel on him and you can breakaway on him. He will be started roping calves by sale time. Jack is very quick across the line, has tons of run and he is one of the biggest stoppers you can buy. He will lope a circle in the palm of your hand, soft and easy. He will spin on a dime and leave you change! Needless to say, he is very broke in the bridle. He will be shown in the previews and the jackpot. Sound. Keep your eye on this one. 605-999-6628. He does have an old wire scar on his right hind foot but we GUARANTEE him SOUND!!! He has been used hard in rough country bare foot and has never taken a lame step in his life. Picture of scar in our website. He has been sacked out with tarps and plastic, he is good with the farrier, has excellent ground manners: lowers his head for the halter and bridle, he loads, drag anything behind him, he has been ridden in and out of the arena, easy to catch, we can't say enough about this horse because he has been one of our best horses. He stands around 14.3 to 15 hh. He has been through our program which consists of the Clifton Anderson method of training. Visit our website www.4sistershorsemanship.com for pictures and videos. Stevie is a handsome head and ranch horse standing about 15.2 with good foot and bone. We have ranched of him a lot. He has a rocking chair lope. Covers ground well and crosses water and anything you ask. He has tagged and drug calves to the fire. Sorted pairs. Doctored calves and cows. Drug bulls on the trailer. He will alley sort with the flag and never flinch. Loads and shoes with ease. He's a fine head horse that scores well. Leaves flat with a good move and strong finish. We have used him outside and inside. We have jackpotted off of him and he's been to the college barn. We have hauled him all over including Arizona and won money on him. Stevie is the go to horse that we have really enjoyed riding and roping off of and know you will too! For more info call or text 605 641 7268. Jack is a one of a kind! This horse may have some age on him but don't be fooled, you wouldn't know it by looking at him. Jack has been hauled to your local jackpots to the Montana Pro rodeos with my boys winning a pile of cash on him. If you have a boy wanting to win that high school team roping title on the heading side, Jack is the one you don't want to overlook. He does the same thing every time and doesn't miss a beat. Curly Joe is a very pretty champagne dun that is being trained for the heeling side. He rides in and out of the arena and has seen many miles outside. He will travel out well, rates your seat, and works off your leg. Jeremy Dvorak Ponca City, OK

Fence is a very well-broke grade bay mare with piles of ranch miles. She taught several green riders in 2017 and 2018. She has been used as a youth rodeo horse and is currently used to help pony colts, complete basic ranch chores like moving cattle, and for very extensive trail riding by lots of different riders. Some riders have been throwing a GPS into her saddle bag to keep track of distance for fun; she often puts in a 20-mile day. She is currently wearing shoes. She loads and trailers. She is ridden through traffic and neighborhoods to access the "back ranch" and has no problem with these congested city-type environments, (including the annoying little dogs that typically run to the end of the driveways and bark at her feet). She has solid ground manners, is respectful and is an all-around American ranch horse ready to give years of good service. More pictures at www.montanza.com (406) 242-0362. Coggins

Flint aka SR Blue Flint Rock is a drop-dead gorgeous 10 year old gelding. He is a really well-proportioned guy standing 15.3hh, 1200lbs. SAFE! You can do anything on this horse! He is one-handed broke with a great handle; stops, spins, etc he is our go-to ranch horse whether it's flagging colts, doctoring yearlings, branding, gathering in tough country or whatever job you need done. He is sure-footed and gentle. We have ridden him in the waves at the beach, out alone or with other horses. This guy can go all day if you ask him to, not one you have to pedal, but he is not hot, spooky, or broncy in any way. He has never bucked with us, even after sitting for a while. Flint will walk out at a nice pace or can really run when you ask him to. This guy is versatile! You can take him to the ranch, use him as a pleasure/trail horse or he could work for about any performance event. He would make a jammin barrel/gymkhana horse, has been started in the arena roping, safe enough for a confident kid or high school rodeo rider. We give lessons on him with advanced beginner riders. This gelding is easy on the eyes too...Huge hip, straight legs, big, hard, black feet. No soundness issues; he recent had a clear soundness exam with a top performance vet. He's a sweet guy, wants to be your buddy without being rude about it. Truly the whole package. He's UTD on teeth, feet, sheath and de-worming. Lola is as solid of a switch-ender as is out there. She has been hauled extensively, jackpotted on from the open down. Lola scores outstanding, stays cool, and handles different situations and riders with ease. She is strong and solid in all areas and would fit most any number of rider. She has been behind a rope line and seen the sights and city lights. Lola is as gentle as can be, rides off quiet and doesn't require ridden daily to stay good. She was started as a reiner, is very broke, soft in the bridle and respectful of your feet. She lopes collected circles, stops hard, and spins. She drags calves to the fire, travels the rough country, crosses water, ponies colts, and any other job you can think of. Lola hauls and pastures out with my geldings and doesn't cause trouble. She is easy to catch, shoe, bathe, clip, and blanket. She is a very sweet horse with great manners and is easy to love. She stands 15.1 hands and weights 1,100# with good foot and bone under her. Bandana is a gorgeous thick made orange Dun gelding that anybody can ride. He currently is in training to be a heading and barrel horse. Watch for him in the barrel and rope horse preview. He sidepasses, spins, has a nice stop, excellent backup, solid one handed neck rein, knows his leads, lopes nice circles, counter arcs, very soft in the face vertically and laterally, stands good for the farrier, he loads, and drag anything behind him. Bandana has seen a lot of outside miles and is excellent in the arena, he has been used to check pastures and fence lines, he was also used to sort and check cow calf pairs. He is very cowy and loves to follow them. Goes where you point him, rides off the same every time, excellent ground manners: lowers his head for the halter and bridle. This gelding here has been a good horse for us every day that we have owned him. We have owned him 2 years and he has been a great horse on our ranch. We had him in our cutting program for about 6 months before we decided that he would be best suited for a rope horse. We have drug a lot of calves to the fire on him as well as roped colts, gathered cows, loaded bulls and had him to the tops of the highest mountains hunting elk. He is 4 but has the experience of a 10 year old. We have been heeling and heading steers in the arena and he is a natural. He has a big stop and a lot of speed to get to position in a big hurry. He is black footed and never has been lame. This gelding has a ground covering wall and will flat out booth down a trail. He is broke. I mean really broke. Stick any kind of bridle on him and go do any job. He is thick and loves to work and is a nice gelding. We have rode siblings to him and they are all good. This gelding is the kind we get calls on every day and we are offering him to the public at the best horse sale in America. You will love this gelding we call Earnie. Do not pass him up. Bolder is a cute made palomino gelding that is super friendly, easy to catch, very gentle and fun to ride. He is being started slowly on the heel side tracking and roping the Sparky. This guy really wants to ride, he sidepasses, has a nice turnaround, solid backup, he has a very pretty sliding stop, and he lopes circles on the correct leads. Bolder is going to make someone a very nice heel horse or even a Reiner. He has been sacked out with tarps and plastic, he has excellent ground manners: he lowers his head for the halter and bridle, drag anything behind him, he is beginning to have a nice neck rein. He is very soft in his face laterally and vertically. Bolder has been ridden in and out of the arena, has put on a lot of outside miles, he was left out for a couple of months this winter and he rode off with no buck or sass, he is ready to go off in any direction.
