Our Soundness Guarantee

We want you to **buy and sell** with confidence at Billings Livestock.

Credibility and Dependability are important to us.

At Billings Livestock Horse Sales, all horses that are ridden through the ring and sell as a result of being ridden through the ring, are **GUARANTEED SOUND** until Monday Noon following the Saturday Sale and Tuesday Noon following the Sunday Sale unless otherwise stated from the block. To further define our policy, if the horse sells at 6 p.m. on the Saturday of our sale, the horse will be guaranteed sound for an additional 42 hours - Noon on Monday.

What we here at BLS Horse Sales consider sound is: Sight out of both eyes, good in the air, hit the ground sound on all four, and not to crib.

Your confidence in our sale does make a difference! See you at the sale - and remember - at BLS, We Like Horses!

ROPE, ROPE, ROPE!

Watch those sale horses in competition!!! Skip the guess work, come see for yourself!

Wade Nicol Arapahoe, WY

15.1 hands - Stout built - 1200 pounds. Big, stout horse. Used on trail rides, gathered and cut cattle, easy to catch and handle. Has done it all in the hunting camps. A great all around horse. When it comes to work he is willing to do anything asked of him. He is built tough and will pack a big guy all day long and never slow down. Sherman is easy to catch and my grandson has no trouble getting him to do whatever is asked of him. He has no trouble getting around in the timber and steep draws. Coggins.

This is a good looking, well broke gelding. Great for outside riding. Travels well through brush and creeks. Gentle on and off. Not spooky. He would make a great ranch or trail horse, but is also super athletic. He is lightly patterned on the barrels and shows a lot of potential if someone would spend the time with him. Been used lots on the ranch to move cows and brand. Good to use a rope on outside, but was blown up roping in the arena. Coggins.

Lil Richie is a 2003, fancy broke, athletic gelding. He is drop dead gorgeous! He stands 15.3 hands, with a big hip and long mane. He is broke to death! Stop, spin, turn, reverse arc and move off your leg; this big guy does it all. He is patterned on the barrels and poles and is showing lots of potential! I took him to a Charmane James clinic last summer and he did awesome. I have taken him to a few jackpots and just hauled him along to a few rodeos, the sights and sounds do not bother him. He has also been rode outside, moved cattle on and been elk hunting. He is started right and a person could take him in any direction. He is easy to catch and an absolute gentleman to haul. He is sound and sane. Current on all vaccinations, deworming and dental. 100% sound with no vices. <http://www.youtube.com/watch?v=iv4Zx4d3EqU> <http://www.youtube.com/watch?v=Lp1nf1f19H8> For more information call Cadie at 406-665-5509

Very broke, dark brown gelding by Royal Three Charge, si 103 out of Miss Nancy Can, a double bred Top Moon mare. I have done everything on this horse; he has crossed the Big Hole River, been through thick timer, doctored cattle on him, headed and heeled on, breakaway on, goat tied. I have had him through the barrels but with a little more work he would be nice, he is really quiet and easy going. He will not get hot in the box. He has never been hurt, no blemishes, guaranteed sound, wears a number 1 shoe. Pull him out of the field after a couple months and take him to a jackpot, he will still be solid. I have used him all 4 years of High School Rodeo; he is as solid as you will get in the arena and out. Watch him perform at the jackpot on Friday. Any questions give Kylene a call at 406-660-1154. I bought this horse from George Cummins who bought it from Phil Luman. Cactus is one of the best rodeo heading horses I have been on. He is a two time INFR heading horse of the year. Last year, I roped two steers under 11 seconds to win the International Indian Finals sudden death. The score was 12 foot at this rodeo. Cactus is still too good a heading horse to be laying around the barn. Honest, no duck. Excellent for a younger or older team roper. Also works just as well on the heeling end. Lady has been an all around horse for our family. My kids have used her in 4H and Gymkana for barrels, poles, flag race, figure eight race, and speed barrels. She will also track cattle for them in the sorting and penning competitions. She has also been ridden in English and has jumped and competed and placed in dressage. I have used her in the hills and on the trails as a mount and have packed tools, supplies and camp on her. She is broke very well and has been exposed to just about everything, including being rode thru the Cody Stampede Parades for several years now. I think just about anyone would get along well with her, she is super broke and willing to please. Recently had teeth floated and veterinarian wormed. 307-272-5399 Coggins.

I have owned Pony for the last 6 years. When I say he is an all round pony, HE IS! I have breakaway, headed and heeled steers, run barrels and poles, tied goats and carried flags on him. He is also good to go branding, tagging calves or gathering cows off the mountain. Pony has been used from Jr rodeos to open roping. I'm only selling him because he is too good of a horse to just go do ranch work on. He is a very easy keeper and hauls great. Pony would be a good investment for either a Jr or High School rodeo kid. If you have any questions please call 208-303-0098. Coggins.

Black Diamond is a handsome, jet black, finished heel horse. He is solid in the box and has a great shape. I have owned Diamond since he was 2 years old and broke him in a feed lot. I have sorted cattle in the feed lot, and roped and doctored wheat pasture cattle on him. When tying a cow down, he will keep the rope tight. He also pulls strong to horn and will not quit. Diamond has been quick to pick up good habits and will watch a cow and is always alert. He has also been used as a turn back horse in the cutting pen. While in the box, he is quiet and does an excellent job when being scored. He is so gentle that I have turned him out on the pasture for a month, then took him straight to a roping and won a saddle on him. My daughter is 7 years old and loves to ride him and gather cattle. He loads and unloads out of the trailer quietly. I receive many compliments on how good looking he is and what a great heel horse he has become as many team ropers have seen him mature since I've owned him. Diamond is a money earner, winner of top prizes, including saddles, buckles and cash! Black Diamond is 100% sound and gentle. Coggins.

This gelding will be one of the cutest horses in the sale, one we always get compliments on. Diego is a broke boy, stands almost 15 hands, medium boned with a big hip and correct conformation. He is really a cute gelding and has all the talent in the world. He has been used on the ranch since he was three, ridden in the feedlot, and doctored a lot of cattle outside. Hauled him and turned back on him, he is extremely cowy and aware of the job at hand. We are pretty sure you can put him on auto pilot for any job on the ranch and he will get it done. He is a very easy keeper and gets along well with other horses when turned out. He has been started roping in the arena and is making a really quality heel horse, has the talent to make a cool calf horse. Guaranteed sound. Bluesy has a SOLID foundation allowing her to be the perfect ride for Dad, Mom, kids or neighbors no matter what part of the arena she is working. This stout, shapey, good boned mare is well started on both the heading and healing ends. She is quite in the box and scores good too. Bluesy is super gentle and not much seems to bother her. My 12 year old daughter has used her to pack the flag during the Wrangler Team roping, she has also been goat tying on her and used Bluesy in the flag race. Bluesy is well patterned on the barrels and the poles. Her dam was one of Chip Merit's star tripping horses. She is Blue Valentine and Leo bred. Ready to make a name for herself and then go on to be a great producing mare. Has never offered to buck and she stays broke even after months off. We have even used her to help halter break colts. Joe is a 9 year old sorrel gelding calf horse. He scores great, leaves flat footed, runs hard with a big stop and works a lot of rope. This is a big time calf horse good for anybody anywhere. My high school age son has been roping on him. Joe is ready to go down the road and win money on and the only reason we are selling him is my son has quit rodeoing and is raising bucking bulls. Joe has never had any lameness issues and is very light in the mouth. In 2010, this horse was the horse my son rode to win the Colorado High School Rodeo Association year-end championship. The two fastest calves tied at the State Finals that year was on this horse. He's the business, he's gentle, he's catty like you want a calf horse. No sense for us to watch him stand and get old in the pen. Will preview at sale. For more info 303-881-9809. Coggins.

This colt has never bucked but is spooky and needs an experienced rider but he is starting to get past it as we have put a lot of miles on him and done a lot of round pen work. He is kind on the ground, easy to saddle and work with. He is lightly patterned on the barrels, has a lot of flex. He will move off your leg, flex, counter flex and uses his hind end well. He is also started heeling and shows a lot of athleticism. <http://youtu.be/A4f42En7w-w> Coggins

Turner is a super flash and would make a great kids show horse. Turner stands about 14.2 hands and weighs close to 1000 pounds. Turner is one of the nicest horses I have ever had, and if I had kids, she would be a keeper. She will be great for anything, lessons, trail riding, showing and husband safe!! She has been roped off of, and would also make a great heel horse. Nothing bothers this mare. She has never offered to buck, even after having 2 years off. She is eager and willing to learn. Turner was with my trainer for a little over 2 months getting a tuneup after a couple of years off, and she is doing amazing. She is soft and supple, bends and flexes and is working nicely. She has also been jumped and has a large jump for a smaller horse. Coggins.

The two horses I have in this sale are my
personal horses that I am selling only be-

big, good looking 15.2 bay roan gelding. I
started him as a two year old and have done
lots of ranch work, used to start colts, rid-
den many miles in mountains and competed in
Ranch Horse and Team Penning. He handles
a rope and has drug calves at brandings and
gathered in rough country. An inexperienced
elderly lady rode him a lot one summer in-
cluding pack trips into Absaroka Wilerness.
No bad habits. Sound and has had the best
of care. Never seriously injured or sick.

Quick is an extremely eye catching 15 hand, medium built gelding. In the AQHA incentive fund. Very sweet and kind. Has good ground manners, will stand tied all day, stands to wash, brush, saddle and shoe. Quick can be stalled in a barn, or gets along well with others when turned out. He is a horse that if turned out with horses who are harder to catch, is still one you can walk up to. He has been ridden hard outside, seen the sights and sounds. Has been through heavy brush, down timber, crosses water and bridges and is good with a slicker. We have turned back on him and used him to gather and sort cattle on. He is quiet to ride outside alone, very smooth traveler and will walk home at the end of the day. He knows his leads and takes them with ease, moves off your leg. Has a good neck rein, sides passes to open and close gates, and backs readily. Quick wants to be your next super star in the roping arena, he stays quiet in the box handles new situations well, one that can take the pressure. Guaranteed sound. Safe, talented and pretty. Stout 14 hand, proven all-around performance gelding. Pikachu has been everywhere starting his show career with our family as a weanling through age 6 at Regional and National POA shows (grandkids aged out) and then onto 4D barrel/pole bending jackpots, trail riding and more open shows with our daughter. He can still win a pleasure class and will go any speed required by the rider on his back. Definitely a confidence builder as he is pleasantly lazy. He runs a textbook barrel pattern every time and is ready to go at the gate but is also content with slow work on all patterns-flat footed walk. We have thrown a rope off of him and he will drag anything. Easy keeper at home and on the road with no bad habits. If we had a youth rider he would not be for sale. He is ready for fun and competition. Watch Video at <http://youtu.be/oe1SXscefOI> For more information (612) 710-7769. Coggins.

Finished rock solid head, heel and breakaway horse. Trace is a big beautiful sorrel with three white socks, blaze face, and flaxen mane and tail. He stands 15 hands and weighs in at approximately 1200 pounds. This gelding has heavy bone with a nice big shapely hip, straight legs and solid feet. Trace does not have one bump or blemish on him. Has been used for all aspects of ranch work and stays broke at all times. No hump or buck, and is super, super gentle! Stands flat footed in the box, scores great, runs hard, rates, and is a big stopper. If you are looking for a nice user friendly horse that will get you noticed and that is ready to go win on Trace would be a great asset to your roping program. Been hauled and won on extensively. Can't say enough about this gelding! Current on all vaccinations, deforming and dental. 100% sound with no vices. For more information (970) 218-6128. Coggins.

Wily is a 8 year old Bay Gelding Barrel Horse. He had money won on him at Fort Smith as a futurity colt with Kelly Yates. He has developed into a real solid barrel horse. I have won several checks and a saddle on him and he is well broke, well built, 15.3 hands tall. Money winner MHBHA, rodeos, and open jackpots. This guy is well mannered on the ground and saddle. Bathes, loads, ties including overnight trail rides and shoes with no problem. Not barn/buddy sour. Same ride in the spring as last fall. No buck, rear, NO Maintenance, no scars, or blemishes. No spooking this horse. Loves his job and wants to please. Runs hard to, from and in between. Good in the gate, don't hold him back just let him go. Good stop and walks off. Turns around to walk, trot, or lope through the pattern for you. Wily is a really nice horse and the only reason I am selling him is because my son is in the bucking bull industry and we are always gone and I don't have time for him, he is just standing. Wily has had no lameness issues and is light in the mouth. We have also headed a few steers on him and he is strong to the horn. You can't go wrong with Wily. For more info 303-881-9809. Coggins.

Thank You • Thank You • Thank You

Hey, how about it? We just had to share! First off, we congratulate the 2011 PRCA World Champion Team Ropers, Jhett Johnson, Casper WY and Turtle Powell, Stephenville, TX. This duo amassed over \$125,000 at the Wrangler National Finals - and - Turtle did it on a horse that originally sold at BLS. Here's the story: (Mike Copeman Photo)

Rex and Terry Quintana, Malakoff, TX

We bought "Docs New Boots" a 1997 Bay Gelding at BLS in 2001 from consignor and breeder Darrel Loftesnes of Norwich, ND. When we first got him we used him on the ranch, we gathered and trailed cattle 27 miles to summer pasture. Rex decided that this was a special individual, so he started training him for the working cow horse events. He showed him in the NRCHA and started heading on him. We then sold him to NFR qualifier Richard Eiguren, Jr, Arock, Ore., who finished him in the heading and has roped on him at such ropings as the BFI. He leased him to Turtle Powell for the NFR. Turtle and Jhett Johnson won the average and \$125,625 at the finals. Thank you Bill and Jann for having such quality horses at your BLS sale. Rex and Terry Quintana

Darrel Loftesnes, Norwich, ND

I talked to Randy Hanson yesterday and he told me that he thought that Doc's New Boots came to your sale in May of 2001. You maybe have found it already. One thing that he told me that I had remembered from before was that your husband Bill called that one because he yelled at Randy across an aisle and a pen and told him thanks for bringing such a nice horse. It certainly turned out to be true. Let me know if you get this and also I would like any new info that you get on the horse as well. Thanks for letting me know!

Shelley Murphy, Helena, MT

Shelley purchased Hip 332 "THR Justa Bada Fame" a 2009 AQHA Bay gelding by Dash Ta Fame at our February 2012 Sale event.

Offered by Two Hats Ranch, Tillamook, OR, Shelley shared the photos of her new horse via FACEBOOK.

"He is AWESOME, one of the best I've ever ridden and Zoe Behrens-Martens gets all the credit for that. He is outstanding and I am super excited to see where he can go. Big hopes and dreams for this fabulous animal".

Here's to a BIG future, Shelley!
Keep us posted - we excited for you, too!

From Jill Houck, North Branch, MN

Dear Houck Horse Company,

My Mother and I returned home from Billings safely with Sofia Peppy Olena. Since that time I have been working with her everyday to get to know her better and allow her to adjust to her new surroundings. You were so honest about her demeanor; she is gentle, kind and very well trained.

I am looking forward to a long life of riding and working cows on our countryside. Most importantly Mr Houck thank you for spending all that time with me during the BLS Horse Sale. Your patience helped me find comfort about the purchase I had hoped to make.

In addition thank you for allowing me to take ownership of Sofia once I was awarded the bid on her. I am so grateful for her and to have had the opportunity to work with you and your family. You are genuine, honest and knowledgeable horseman and so is your family blessed with these qualities. I would advise any buyer to work with you.

This mare is very quick and catty and due to her small but bulky stature, she would make an excellent tie down, steer wrestling, heel horse or barrel horse. Her full brother was a very quick learner and had a want to please attitude, and she is showing the same attitude. Rosie is broke to ride, and in her few rides, has not offered to buck once. Arlee has a sweet disposition and always wants to please. She is the first to greet you in the pasture and always ready to go. She is green broke, but very gentle. This mare would make a great project for someone looking to finish a horse. She has been nothing but calm around cows. Although she has had only a little exposure pushing steers at roping practice and sorting calves at brandings. She has excelled at it. She has not been roped off of, however she would be easy to get started. Arlee is a great horse, selling due to cutting back the herd. Coggins.

Mike Chipko, Topanga, CA

Hello, Jann -
Here is a picture of my grandson who has never ridden on a horse in his life. This picture was taken at Christmas - he is riding double with my daughter. "Checks" is the only horse I own that my grandson would get on. Now - he has started liking the horses. This horse is worth DOUBLE the sale price to me. He is SAFE.

Thank you!
(Mike purchased June's top selling gelding "Sonny's Fine Chex" a 2003 AQHA palomino gelding x offered by Double K Ranch, McCook, NE)

Kandi Carter, Gillette, WY

I wanted to send you guys a big THANK YOU for the great horse I bought there last weekend, February 24-25-26. I am SO in love with "JN On Time". He is a dream come true! I will definitely be back to your sale in the future.

Thanks again. (Kandi purchased Hip 356 "JM On Time" a 2008 AQHA Red Roan Stallion x One Time Pepto offered by Frank and Belinda Vandersloot, Idaho Falls, ID.

Erin Henson, Lovell, WY

We bought "S'mores", a coming two year old mini at your August 2011 sale from Dorothy Brockmeier, Squires Montana Mini's from Plentywood, MT.

My six year old daughter, Addie, has been caring for her and working with her all these months.

Just last week she put her first ride on the pony - and - she did it in a dress and high heels!

We are proud of Addie and we appreciate all the GOOD the little pony is doing for her.

Thank you, Dorothy, and thank you, BLS!

IM On Time

Introducing THE ALL NEW GATOR GRIPPER

With the built in "Grip Strip". This original one of a kind design has a unique look with a specific purpose. The 4 strand construction is a made up of 3 strands of 100% white nylon surrounding a bonded "grip strip" strand of high tenacity polyester.

This rope is unlike any other 4 strand rope on the market. All other blend ropes are made by twisting and combining the nylon and poly cord throughout the rope. The **Gripper** is constructed with the nylon and poly fibers separated from each other into individual strands.

This process makes for a more balanced and consistently made rope. Because the specially bonded polyester is separated from the nylon, the rope has more **Grip** and bite on the saddle horn for a surer dally.

The Rope Shop is proud to be involved with BLS and provide ropes for the fast times and average in the rope horse jackpot roping.

Thanks to Bill and Jan Parker and Billings Livestock Auction Co.
