Preceded by a snappy performance preview of all sale horses, this year's jackpot hosted 141 teams - all levels, all kinds, and all laid out there for our buyers to see.

I salute our buyers who start their shopping early, make the phone calls, arrangements to try horses, and do the footwork to find their new ride in a successful manner - thank you!

Switch leads and lope two circles to the right, the first slow the second fast. Change leads make one half circle, go down the fence, stop, rollback to the left, down the fence, stop, rollback to the right, back down the fence, stop, back up fifteen (15) feet. 360 degree spins. OPTIONAL: Rider will then call for the steer. Steer will be released into the arena. Cowboy will box steer on short end of arena to show horse's ability to control a cow. This horse is extremely good minded and gentle and sound in every way. This horse is a pleasure to be around and a lot of fun to ride. We have used this horse on the ranch and he is one of our favorites. He is an elegant mover and has an outstanding handle on him. He has all the buttons on him and is very talented. He is also a finished barrel horse that consistently placed in the 2D's. This horse would work great for a high school or college level competitor right up to the pro level in the right hands. This is not one of those crazy amped up barrel horses that we have all seen. He is very quiet, calm and confident all the time and doesn't get wound up. This horse is royally bred to run with the best of them being by an own son of Shazoom and out of an own daughter of the legendary barrel horse sire On A High. This is the kind of horse you could do multiple arena events on and will take you to the pay window. Zoomer is a really rare kind of horse that you don't see often. He is in the prime of his life trained up ready to go. This horse is really fast and comes from horses that have a speed index well over 100. This guy could be a great bull dogging horse.
