SPECIAL CATALOG SALE featuring Sons & Daughters

800 Head Sell

Welcome to Cowboy Country!

At Billings Livestock, we built our business on quality using horses! Good horses are made by good horsehands and we're proud to live and work in the heart of the west where horses continue to play a big part in our everyday lives - from ranching, rodeo, roping, to recreation!

We invite you to attend our big, February sale - it's three days chock full of better end horses! Watch the horses in our indoor preview Friday, Feb. 27 - we'll run barrels, show the cutters on cattle, preview the saddle horses, and - we'll have plenty of steers for the rope horses! We want you to buy with confidence - attend the previews, visit with the owners, and see just what the horses can do. At BLS, buy with confidence! We're the sale with the soundness and bred mare guarantee, too!

Head west - you'll like it out here! Get your plane tickets, haulers can be arranged! Please keep an eye on our website, we update it with horses daily and feel free to call us - we'll be glad to guide you!

This is an exceptional mare that is extremely well bred on every line. She is jet black and cute as can be. We have used this mare for everything on the ranch. She started out as a cutter and is Chuck full of Cow sense. We have used her extensively as A turn back and sorting horse. She has also been used to rope and Dr. calves in the pasture and has healed steers in the arena. She is a handy size and is well broke in every way. We have also had several really nice Colts out of her that are all money earners. Her babies are very trainable and easy to get along with. We have transitioned out of the breeding side of things and is the only reason we offer her for sale at this time. This is a great mare that is sound to breed and to ride. This horse is tough and full of grit and fun to ride. This made will make your program money whether you ride her or breed her. 406 544 9987.

This horse is a great using horse in every way. He is a finished team roping horse on both ends. Has a lot of Run plenty of rate, and a big stop. He is stout to the horn and really pulls hard. This horse has a great move out of the corner and lifts his shoulders and counter bends like ones supposed to. We have also had him in the wilderness areas and has been in hunting camp. He is broke to hobble and be Highline. Very well broke in every way. He is money earner on both ends and just a good looking honest horse to go get whatever job you need done. He crosses Deep water, not afraid of dogs, kids, tractors and four wheelers. And he will come find you when you go to catch him. Good to shoe and haul and is sound. 406 544 9987.

Cash is a very attractive palomino gelding. He gets golden in the summer time and has a beautiful mane & tail. Cash has been used on the ranch and in the feedlots. He has been trained by good horseman and it shows, he picks up both leads, keeps his head down, flexs, and collects in his head and neck. He side passes and pivots and does it correctly. He has a good neck rein. I used this horse sorting sfock at the feedlot in Oklahoma last year quite a bite, opening & closing gates, using a sorting flag and prowling the alleys. This Horse is in the prime of his life and has the foundation and ability to go on and make a top barrel or rope horse, or just keep him as the great all around horse that he already is. Brownie is a 16 hand, 1325 lb, 5 yr old cross-bred gelding that is out of a cowbred Quarterhorse stud and a Percheron mare. Brownie spent all last summer in the Big-horn Mountains riding on cattle. And then I used him for hunting this past fall. He will cross water and downed timber, has been used as a wrangle horse in cowcamp, he has had a few cattle roped on him, and has roped and flagged green horses and mules, he has lead the packstrings, is good with the bull whips and tarps and balls, very good in rough country and crosses rivers and bogs. This big but handy gelding will sidepass, is soft in the mouth and ribs, is easy to catch and haul, good with other horses. He will wear a size 3 shoe, I believe he is handy enough to make a pick up horse. He was broke to drive double as a 3 yr old, he is a cool horse that you will get noticed on. Jack is one handsome gentleman. He has been Ida's "go to" horse for the past two years and there hasn't been anything that she has asked of him that he isn't willing to do. He doesn't get ridden daily just when she needs a solid, dependable horse he's the one she gets. He is super broke, rides off your seat and legs, excellent one handed neckrein, very soft and supple. He is a very kind hearted and willing guy. Ida has rode him every where from up and down the mountain, to town for parades and to the rodeos in the drill team where he will run in any position from lead to last. He has done every job on the ranch from gathering to sorting to brandings. Jack is gentle enough for a novice rider or a younger child but handy enough to get any job done that you need. Let him set and he will saddle up and ride off quiet with no hump, buck or spook. He's been saddled up at -20 below with 3ft of snow and wind howling when none of the vehicles would run to feed all the other critters and he never complained a bit. I will tell you that he is extremely well trained and extremely talented to go along way with a barrel horse hand. Deets is a tailor made 15.2 hand gelding that is well broke to ride. He is coal black with four white socks and a star and snip. Deets has been ridden many miles on the ranch as well as in the arena. We have him well started roping out of the box, and he tracks and ropes the dummy beautifully. Deets is as gentle and personable of a horse that you will find. Long-strided, wicked fast but collects to turn on a dime. Uncle Jessie is a buckskin that shines like a new penny. He is a solid made horse with good bone and four black feet. He has a cow horse/ranch horse pedigree, hard to find a buckskin with Smart Little Lena breeding. Used extensively out on the ranch, gathered, sorted and been branded on. He has been started heading and heeling in the arena and he is showing a lot of talent and promise. Going to be someone's next big time rope horse. He is quiet to ride out on the trails, crosses water, bridges and logs with ease. He is a complete gentleman on the ground, easy to catch and loves attention. Guaranteed sound. Silver is a gorgeous 15.2 hand gray gelding that is broke to ride. He has the size, build, brains, and athletic ability to do anything you ask of him, silver has been ridden many miles outside down the trail where he takes everything in stride. He has also been ridden a lot in the arena where he is showing promise. He is soft in the face and sides and loping nice circles. He is really wanting to stop! Silver is also developing a nice turn around, as he is working off his hind end nicely we have started tracking a few steers along with roping the dummy on him. He has also been lightly patterned on the barrels. This eye catching gelding goes back to orphan drift and Blondy's dude. Silver is a top barrel or rope horse prospect.
