Blue is 15.3h, 1250lbs and wears a size 1 1/2 shoe. He has been roped on heading and heeling. He is just a really nice horse to be around, quiet, friendly, only goes as fast as you ask him to. He likes to slow lope more than trot but will trot around nice if you ask him to. He has been outside a lot and loves the water. He's been hauled to big events as well as rode out gathering. He's been used for halter breaking wild horses, and for a big horse he has a lot of stop. Broke in the bridle and won't turn his head over backwards when you pull on him. Dunny has been my personal horse for the last 5 years. I have used him countless hours on the ranch to gather, sort, load trucks, brand, rope and doctor outside. He rides quiet and gentle, very broke, and can handle any job you throw at him. Mud, water, swamps, long hard days, cold and windy it doesn't matter, Dunny will get the job done. Then go home and run him in the top divisions of the barrel racing. Bright rodeo lights and bands won't affect him, he's a winner there as well. Dunny is also a solid head horse that has been hauled and takes it as just another day at the office. He scores great and can handle a lot of runs, Dunny runs hard, but has nice rate and handles cattle with ease. If you're looking for an outstanding horse that is ready to get on and go in any area Dunny is that horse. Call with any questions Gena 435-704-1412. Search YouTube for his video "Dunn Did It video". NOTES: DE Peptos Sun Glo is a 5 year old mare who was bred by Cole Redhorse Ranch of Shelby, Montana. She has been used extensively on the ranch, moving cows, pen work, sorting pairs, and working a bud box. You can use a flag stick and crack a whip off of her. This past calving season she was a main mount and carried many calves into the barn over the saddle and in the calf sled. We took her to a few brandings where she drug her fair share of calves to the fire as well as a couple head and heel brandings. She has 4 weeks on the flag and cattle and is coming along nicely. She is started in a bridle bit and is proving to be very responsive and easy to ride around. Professionally trained by Remington Campbell of Doin' It Right Performance Horses. He's been ridden by a professional and has exceeded our expectations for a young horse. He can go in any direction.
