NOTES: CS Dashin In Time is the perfect cross of run and cow. He is a 3 year old that we raised. His dam always produces very trainable colts and he is no different. "Timer" saddles up great with time off and has no buck. He lopes collected circles, picks up both leads, is soft in the face and moves off leg pressure. We have ridden him outside and in the arena. He's been around cattle, traffic, dogs and is good with it all. Timer has the ability to go any direction and is also gentle enough for a youth. His sire was started on the race track and then went on to the roping pen. Timer is easy to catch and good to be around. Stands tied, good with his feet and loads and hauls great. Sound. NOTES: Have Some Cat "Cougar" has been the main sire on the Price Family Ranch since 2010. He has served as an outstanding complement to our mares and our breeding program these past 7 years, and we could not be more pleased with the many attributes he has brought to our horse program. His colts have an excellent, quiet disposition, and they come by it honestly. This stud is broke to ride, and is extremely cowy. His colts have been incredibly gentle to break, and turn into athletic, cowy and gentle horses that are used in all aspects of our operation. He has bred mainly in open pastures, but we have hand bred a few mares with him. You can catch him in the middle of a pasture, jump on him bareback and gather the mares, or you can ride through the pasture on a saddle horse without the concern of him bothering you. Recently, we purchased a son of "A Streak of Fling," and we are crossing the daughters of HAVE SOME CAT to this new stallion. Given the circumstances, we have decided to sell Cougar. Pecos

09 Grade Gray Gelding
Chase Hulme Cokeville, WY

Your search is over. A go to winning head horse for all levels is here. Pecos is a tried and true head horse that we have hauled to ropings from Idaho to Texas. He has been roped on from our 12 year old boy to grown men in high numbered ropings. Pecos is also the greatest ranch horse and trail horse for the most inexperienced of riders. He has packed elk, deer and novice riders out of hunting camp. Our small children have also used him to trail cattle off the forest. He just does not make a mistake. He is sound and honest as the day is long. You can use any bridle on him and if he sits 6 months he will be the same horse. We have had this horse in our family for years. He is handsome and stands 15.2 hands tall and weighs 1250 pounds. Pecos is good in the box, runs hard, rates well and faces extremely fast. He's been to the big ropings and has earned a living on a cattle ranch. No matter the weather or the rider Pecos is an honest horse. Call Scott Hulme at 940 456 0876 for more information. Coggins.

Minnie
09 Grade Black Pony Mare
Houck Horse Co N. Branch, MN

Minnie is the pony that we all hope that we can find for our kids to learn how to ride on. This little gal stands 43" tall and is absolutely cute as anything you've laid your eyes on. She is gentle, gentle, gentle every single day. Both my 9 year old and my 4 year old ride her and do everything on her, and when the neighbor kid and relatives come over they crawl right on Minnie. My youngest boy has ridden her since he was 3 years old and we have never batted an eye. My daughter has taught Minnie to be her trick pony, she loves watching all the trick riding movies, so she taught Minnie to go round & round while she does all the acrobats on and off her and I'd say she's gotten pretty darn good at it and Minnie is flawless about it. Minnie is truly a blessing that we hope will teach lots of kids to be the next generation of horseman for a long time to come. Even if you're not looking for a pony, you better watch these two kids ride Minnie, it's quite entertaining. Peso is an all-around great horse, you can do any ranch job and he is handy at it, you can take him out for a tail ride and he is sure footed and solid or you can hook him up, dive him down the road and go for a buggy ride. We have used him for every ranch job and he always there for you, he knows his job with a rope, he will sort out a cow, work a gate so it doesn't matter if you need him out on the open range or in the feed lot his is a handy partner. This summer we let White Mountain Outfitters take him on top of the Big Horns to be used as a wrangler's horse for tail rides. He has seen many, many miles in rough terrain. Up and down the mountain. He has swam the river, driven cattle out of thick brush, he knows what long days of work are but he is happy just go out for a trail ride too. You can let him set and pull him back out and he is the same horse every time. It doesn't matter if you ride him every day or once a month he will be the same. Peso is excellent in the arena too, he lopes pretty circles, carries his head level, has a nice stop and turn around. He will side pass, is soft in the face and ribs. Peso is always willing to do anything you ask of him. He is a horse we absolutely enjoy, and a favorite of everyone on the ranch. He has been ridden down the highway and is traffic safe, he is good around all types of livestock including, pigs, llamas, goats, poultry and dogs. Peso is has a super sweet personality and loves attention but has excellent ground manors too. He stand good for the farrier, will load in and back out of the trailer. To top it all off in the summer he sheds to a gorgeous dark, shimmering dappled palomino with black specks throughout him that makes him beautiful and unique. He is a flashy gelding that will stand out in a crowd that has so much potential any direction you want to take him. For more information call 307-250-9655. NOTES: Moores Top Gun "Tom Cruise" is the ULTIMATE been there, done that horse for the ranch or the arena for ANY level of rider. Tom spent the majority of his life on a big ranch in New Mexico and has done everything a real ranch horse does. In the arena he heads and heels, as well as break-aways, team ties and single steer ropes. He has been stepped off to tie calves too, but is not totally finished in knowing his job working the rope. As a head horse he has a LOT of money won. He qualified me to the World Series Final and help win an ACTRA year-end saddle. He's one of the few horses that can truly lope up and rate for a kid or low number roper to swing over their back or step up for a high number or PRCA roper. When it's not time to work we joke that he dreams about sleeping, gentle, gentle, gentle. He has no BS about him; no buck, rear, vices etc. and doesn't freshen up with time off. He's the go-to horse here for us to put a novice or a timid rider on. He goes and does what he's asked without hesitation whether it's with a rope in hand, riding through the bar or jumping bareback. He could go about any direction, from a kid's horse to a rodeo horse for any level. Goes where he's pointed. Tom is sound with no maintenance and has great feet. He does have some cloudiness on his left eye but he has no problem seeing and it doesn't require any care. He stands exactly 15hh. UTD on dental, sheath, farrier, vaccines and de-worming. NOTES: Two Times A Cat is a a 14.2 hh, 1050 lbs gelding. "Short Stack" is a sharp looking 4 year old gelding that we purchased from the ranch that raised him. He's one of the most personable, in-your-pocket type horses we've ever had on our place. This horse is kid-gentle and very quiet. He's extremely broke...neck reins, stops, good in his leads, and has a pleasure style lope. He can sit for long periods of time, then saddle up happy and ready to work. Short Stack is started nicely in the heeling and breakaway roping. He has all the tools to finish, season, and make a great one. Pistol scores like a rock, fires like a cannon and stops like a million bucks. This horse has been used on the ranch and hauled to the World Series ropings. He's gentle, he's broke, and he's sound and sane and built to last. His main occupation is a heel horse but he has also roped a lot of calves. He has been a turn back horse in the cutting pen and really watches a cow. Travels with a low neck, soft rein and has a smooth lope. He is just that dead shot cowboys rodeo horse that everyone wants. Shooter is a grandson of the great APHA Stud "Strait From Texas". He is a super fancy broke gelding who has the looks that turn heads everywhere he goes! He is a very easy keeper: hauls, loads, clips and stands for the farrier without any drama. He would make an excellent reiner and has placed high in the western pleasure at many local "fun" shows. He is very responsive, strong and powerful on the pattern, so not for a beginner. Shooter is well started on the poles and wouldn't take much to finish out. Currently running 1D/2D on the barrels and 2D/3D on the poles. He is a very good boy and deserves a great home with a rider that will take him to the next level. Additional pictures and videos: <https://youtu.be/djwI-jFtQTg> Shooter is extremely well broke, runs barrels and poles. I have a ton of video on him if you'd like. <https://youtu.be/djwI-jFtQTg> All of these runs are in the 1D/2D. Pole run shows that he is well started and ready to go on. (701) 720-5100. Coggins.

SELLS WITH REGISTRATION APPLICATION. Nacho is a 16 hand 1200 lb. nine yr. old sorrel gelding that requires a little more than a beginner. Nacho has been back and forth to Arkansas from North Dakota a couple of times to go trail riding in some of the roughest trails in the Buffalo National Forest in Arkansas. Most people prefer to ride mules on those trails, so that is how rough it proves to be and Nacho was very surefooted. He has also been to the Medora Badlands a couple of times as well. He has been to several NBHA barrel races but prefers pole bending. He also loves to jump and would make a top notch jumper if that is what one wanted to do. He will travel through anything asked of him, he loads, open gates off of him, and stands for farrier. Nacho knows all the barrel basics: indirect rein, spins, lateral movements, and lopes off both ways. He will ride very collected, soft in the face with fingertip rein control, he will lope on a loose rein, has a one-handed neck rein, and stops the minute you sit in your seat and not even touch the reins. He has never offered to buck, stands for mounting, opens his mouth for the bit, no vices, and is easy to catch. He has been through the Clinton Anderson Program for the last few weeks here at the farm. He has been through the Fundamentals of riding and some of the Advanced series of riding. He can be registered as we have a registration application. Sound. Nacho is by Yeller Fuel out of Bella Suena who is by Calyx. Nacho's parents can be looked on the All Breed pedigree. He is an easy keeper, easy to shoe easy and load. His mustache matches his personality. Feel free to call me or check him out at the sale. (208)-309-4343. Coggins.
