Gus is a well bred gelding that has done all phases of ranch work including but not limited to branding, calving, sorting lots of cattle, rope and doctor yearlings. He travels out nice with a ground covering walk. He crosses water, goes through timber, up steep hills and is gentle. Gus does not saddle up tight. Gus is also started in the heeling and in break-away. He has had several steers heeled on him and is just about ready for jackpots. Gus has a nice stop if you are looking for a break-away horse or if you just want to ranch or trail ride, he is great for that too.

We can hold Gus for up to 10 days at the ranch and will work with the new buyer regarding hauling.

15 hands. 1150 pounds. DeCaf is as pretty of a blue roan as you'll find; he's friendly, people oriented, and just as gentle as his name implies. He rides around broke, willing to please, travels out nice, but never hot or prancy. DeCaf is built right with clean straight legs, good feet, and a very willing attitude. He has been used outside, trail ridden, worked cattle, roped and doctored cattle, and is also a very nice heel horse. DeCaf scores well, is easy to find position on, and has a nice stop. He adapts to different riders and is fun every trip out of the box. DeCaf has also spent many hours in the arena so he rides up in the bridle correctly, stops nice, backs, spins, and sidepass all with ease. DeCaf goes where you point him, crosses water, rides alone or with a group, and isn't spooky or hard to handle in any way. He is calm around dogs, traffic, balls, tarps, and other scary stuff. DeCaf is a gentleman to bathe, clip, shoe, tie, haul and catch. He is easy to handle both on the ground and while riding him and is going to fit a

wide variety of people. DeCaf also lays down easily when asked as well as sitting up to pose for pictures with your friends! After having DeCaf in our program for a year, we are very confident that he will fit right into whatever lifestyle you choose to put him in.

Check out his video at <https://youtu.be/FUsm6xiOvAQ>

Scampher and Scamphe are very well matched, beautiful full sister and brother mules. Scampher is just under 16 hand and Schamphe is just over 16 hands. They will make a big, fancy wagon or parade team or break them to ride and pack. We bought them from the man who raised them. He imprinted them at birth and handled them once a year to trim their feet and halter break. They have straight legs and good feet. Scampher and Scamphe travel nicely and always together. Very pretty mules with a huge versatile future ahead of them. They are not spoiled in any way. You can rub their ears. It's harder to find young, percheron mules these days, especially full siblings that have been raised together. We will not split these two. We are wilderness outfitters and bought them for our business, but it has been a slow year so far. Located near Emigrant, MT.

We will keep Scampher and Scamphe for up to a week after the BLS auction or can meet/deliver up to 200 miles from our home. Fresh coggins, wormer and vaccinations in April. Guaranteed sound and stout.

RARE OPPORTUNITY RIGHT HERE!! 1/2 gypsy vanner, 1/2 Clydesdale. For the last 18 months, we have used King Ralph's agility, smoothness and well-formed mindset required for our TURN BACK horses AND as a ROPE horse. Whether we need him to work the big pastures, the tight trails or ANY arena work, we know he does it calmly and effortlessly. He rides smoother than a freshly minted Cadillac, picking up any lead you ask him to, whenever you ask him to. He's got a big, smooth stop and a good neck rein to him too. Crosses logs and water easily and will even go for a swim with you in the lake or pond. The Drum Horse is an important member of the Queen of England's Band of the Life Guards and King Ralph displays a true rarity with the disposition, agility, kindness, and athleticism set by the standards of the Drum Horse Association. They must remain calm and sensible in crowded environments during ceremonies. It takes a very special horse to fill such a prominent role in the Queen's Household Cavalry and King Ralph is that SPECIAL horse.

If you would like more information or a test drive as well as up to the minute videos of King Ralph, text or call Jake at 801-420-1971.

Patches is a cute made pony. Ian bought this pony to play with last fall so he could "train" him to sell. Ian has done a lot of work with the little guy and he now feels it is time for another kid to enjoy Patches. Patches has excellent ground manors perfect for a lead line or if your kid has some confidence and is ready to ride on their own Patches will do the job. Ian has rode patches all over through the brush, across the creek, and has spent time doing ground work with tarps, swimming noodles, balls and everything else he could think of. Patches has no bad habits, is excellent to clip, bathe and load.

Flip is a gorgeous dapple grey gelding that I had since last fall. He stands 15.1 and stout. Flip has done it all. He's been used extensively for a trail horse, he's got really good start roping the sled (heading and heeling), I've picked up bucking horses with him. He's an awesome ranch horse, been in ranch and trail competitions, and patterned on the barrels. This horse is gentle and stays gentle. I've done everything you can do on a horse with this guy. We took him camping and trail riding on Memorial Day and he was awesome. Everyone and anyone will get on and enjoy him. This horse has a ton of speed but only when asked. He does not spook, buck, or bite. Leave him off for a month and get him out and go. Stays broke. He does not need shoes but can be shod easily. Stands great for farrier, loads, clips, bathes, hauls, and gets along with others great. This horse is sound, sane, and no vices.

He's good in a stall or can be on pasture. He rides out alone with no problems at all. This horse has all the stuff to make a performance horse at the highest level or he's completely content as a trail horse. I was going to keep him for the summer but I have too many to ride and he's more head horse size and I like heeling better.

Please call, text, or message me for more info. Joel Meyer 563-599-3755. Will hold up to ten days at no charge and offer delivery up to 200 miles.
