BLS Market News

What a great year we have had at BLS Horse Sales.

Our numbers have been good but better than that, the quality has been outstanding and the market has responded to it.

We have seen our best sales since 2006 and 2007 each month to date. In my opinion, the horse market is going to get stronger and stay that way.

All of the breed associations are registering far fewer foals than in years past. This shows that people are being more selective in the mares they are breeding and are trying to raise a foal with more pedigree, better conformation and trainability - making them easier to market.

As I have said before - a pretty, well broke, gentle gelding is always going to be good property. If you have the skill and ability to train a nice horse, it is time to drag your saddle out and go to work. I think you can be well rewarded.

Summertime is in full swing and here in Montana, I-90 in front of my office is buzzing with horse activity as people travel to the rodeos, barrel races, cutting, ropings, and other horse events across the west.

Billings Livestock has always been a popular place for cowboys and we are proud that we can be a stop-off place for them to give their horses a break and something to eat and drink.

If you don't think the horse business is big, just hang out in our parking lot for a few days the first two weeks of July!

Our July horse Sale featuring cutting and cowbred horses is shaping up very well.

We have consignments from some of the top breeders and trainers in the nation.

As always, we will sell all classes of horses - and mules - and we expect a big number of loose horses on Sunday morning.

Remember - we are in the horse business full time and are always willing to help market or purchase horses. Give us a call or better yet, if you are driving by stop and see us.

Head, Heel, Breakaway! Ridden by Entire Family!

2002 AQHA Sorrel Gelding x Tari Smart x Smart And Trouble out of Magnolia Peppy Prom x Mr Peppy Olena. Pepsi is a 10 yr. old sorrel gelding that we have owned for several years. He's one the whole family has rode and enjoyed. He's been used for about anything and everything. He's very broke & stays broke. Has been hauled to jackpots heeling steers. We have headed some steers on him as well. We've break-awayed a lot of calves on him as well as tied some down. You can go sort & team pen on him. He's had cutting training and really watches a cow. Our daughter has done playdays on him. We've taken him to ranch rodeos and pasture ropings. Really stops, spins, and knows his leads. He rides good outside; you go doctor, sort, and gather cattle on him. He's had some calves drug to the fire on him. He is one you can earn your living on during the day and rope and play on at night. He's been a great horse for our family. 100% Sound. video at www.diamondlivestock.com or give us a call at 406-490-3929. Coggins. Y147

Owned him for 12 Years!

AJAX - 1997 GRADE Blonde John Mule. 15 year old, Blonde sorrel John mule. 16 hands and 1275 pounds. This is a big gentle mule and has packed for us for the last 12 years. Ajax has been there and done that mule, he is as honest as you will find and has never taken one wrong step in the last 12 years. You can ride him, but know that he will only follow in a line, as you can see from the pictures he does not mind having people or dogs on him! Easy to catch and shoe and Ajax can probably teach anyone who doesn't know how to pack, to pack, he is just that good! We lost our pasture at the infamous Kail Mantle ranch, so am cutting back. Also just way too many new mules coming up that need the miles. I can not say enough good things about this mule, he is exactly the same each day! Warren Johnson 406-848-7578. Y150

Honest Molly Mule • Ride or Pack Elk!

ISABELLE - 2006 GRADE Paint Molly Mule. 6 year old, black and white pinto molly mule. 15.3 hands and 1200 pounds. Broke to pack and ride. Used her all last summer to pack, waterbars and fire materials into the Hells A' Roarin drainage fire. Then packed elk and deer on her in hunting season. She will fit nicely for anyone who is looking for an honest mule who can do an honest days work. We use all our mules hard and we would not have kept her this long if she could not handle it all. The only reason for selling her is that she does not fit into our 30 sorrel Belgian mule string. Warren Johnson- 406-848-7578. Y149
