From Ramona, CA to Salisbury, MA, horses sold from coast to coast at Billings Livestock's "August Special Catalog Sale" featuring Speed Bred and Performance Horses August 26.

One big day of horses saw 551 head - from ponies to draft crosses - push the August sale gross to a ten year high as strong demand for quality was evident for the better horses in all divisions.

Market strength was shown in the top 20 where four of the top selling horses sold grade - entirely on their individual merits and not on pedigree - bringing \$8,000, \$6,600, \$6,200, and \$6,000.

The top 20 averaged \$7,257. Friday's afternoon preview plus that evening's UBRC "It's All About You" barrel race kicked it all off at the HorsePalace Arena with 87 runs including nine sale horses.

Hauled and won on at the college level, the 1D/2D barrel horses also ran the poles and showed outstanding in the preview.

Big, honest, already a seasoned hauler, Hip 239 "Gonna Be Famous Guyz" a 2014 AQHA Gray Gelding x Moons Last Dance x Dash Ta Fame and out of a Reynolds Rap bred mother was truly a fancy prospect.

Consigned by Dark Horse Ventures, LLC, Park City, MT and purchased by Lavette Spencer, Ulen, MN he came patterned on the barrels and poles, been exposed to all the sights and was ready to go to the next level.

The standout gelding brought \$10,000.

Certainly one-of-a-kind, Hip 62 "Melena" a 2007 Grade Buckskin Fjord/Friesian Cross Mare offered by J & A Horse Ranch, Preston, MN came broke and gentle.

Sale averages include the top five at \$9,860; top ten brought \$8,580; Top 20 at \$7,257; top 50 at \$5,450; and top 100 averaged \$4,151.

Billings Livestock's loose horse market continues it's red hot run where again - over 30 head selling loose - no speech, no rider, no guarantee - brought \$1,000 or better.

A total of 272 head were offered loose where the top three - all riding prospects brought \$3,000, \$2,500, and \$2,300, pushing the top five average to \$2,340, top ten at \$2,050; top 20 brought \$1,763; top 50 at \$1,263, and the top 100 averaged \$954.

Heel Horse

KYLE - 2008 GRADE Palomino Gelding. Kyle is a unique colored palomino gelding. He has a great personality, gentle mannerisms and you can catch him anywhere. He is good to shoe and hauls great. He is coming along nice on the heeling side. I have started to haul him to some smaller ropings where he recently won his first two checks. He is very cowy and will go right to steers. Spend the winter taking him to Arizona ropings and have a finished heel horse in no time. I think he would also make a great team sorting or penning horse due to his quickness and cow working skills. Kyle has also flagged team ropings, carried flags and worked in the sale barn. He is also great on the ranch and has done most everything from branding to roping outside and sorting. He will cross anything in his path: creeks, rivers, logs, bridges and never miss a step. He rides out alone calm and quit. Probably not for a beginner. BLS News & Updates

Our September 2017 sale marks the beginning of the twentieth year of Parker Horse Company DBA Billings Livestock Commission Horse Sales - it's horse sale number 217 and we've sold nearly 150,000 head of horses in that time.

We've had some practice and we have certainly seen a few things and - we continue to strive to be better than we were the sale before.

We now offer indoor previews at every BLS horse sale. For the saddle and ride horses, the rope horses, barrel horses, and cutting horses, too - we show them to you on Friday at the HorsePalace - and - again, Saturday morning here at Billings Livestock.

Every sale. Every time.

Indoors on Friday and weather permitting, right back here on Saturday morning.

It still amazes me, sale after sale, that horses I have on my radar prior to sale day are trumped by horses I never saw coming...I saw them at the preview and they showed their stuff in a big way. Just goes

to show, One person's good is not another person's good.

We all have our own measure of "good" - our previews are designed to make the "sift" simpler.

September is certainly geared to show the sale horses - a professionally produced sale horse jackpot is set for Friday at the HorsePalace.

You will have the opportunity to see the rope horses go a minimum of six times. It really is a show and tell.

We will host the barrel horses, tie down horses, and saddle and ride horses at 1 p.m. With the sale horse jackpot beginning at 3 p.m.

AND - Please join us for our Anniversary and Customer Appreciation Dinner that evening following the jackpot, too.

Yes, September in Billings is loaded with good horses - we invite you to come find YOUR good.

See you in Montana September 22-23-24.

BOON BLUE OAK - 2008 AQHA Sorrel Gelding x Cristalena Blue Boon x Duals Blue Boon out of Delta Oak x Doc's Oak. Blue has been our favorite "pull em out when you need a good one" horse at the ranch for the last couple of years. He was a cutter when we got him and we decided to take him outside and put him to work in the ranch rodeo and sorting pens. This solid gelding is extremely cowy and very fun to ride. He is very soft in the bridle and has just the right feel to his sides. We can let Blue sit out for as long as we want and when we pull him back out to ride, my nine year old daughter can be the first one on him. Our nine year old daughter has won on him in the sorting pen as well. He is gentle, gentle and a very kind horse. Blue is patient and easy going about daily problems, ties good, bathes good, shoes good, and hauls good. This is an incredibly nice horse that we are proud to offer and we will certainly miss her at our place. Go to www.houckhorsecompany.com for additional pictures and videos. Lighting is a finished barrel horse that has been hauled to jackpots & rodeos and place & won at both. He consistently is a 1D placing horse. He does not need weekly tune ups. We literally have turned him out for the winter brought him back in, legged him up and ran him, he is just plain solid and honest about his runs. He is a big horse and has a very big stride. Lighting is so easy to run that even me (the jackpot Dad) is out placing 1D/2D times with him. There

Pretty, Quick, and Athletic

2008 AQHA Brown Gelding x Smart Chicmate x Smart Chic Olena out of Be A Little Remedy x Little Gallito. Slick aka Chocolate Chicmate, is a 2006 gelding bred with some high caliber cowhorse bloodlines. Sire was a son of Smart Chic Olena and dam was by a son of Smart Little Lena and out of a daughter of Reminic. Slick is bigger than the average horse with this kind of pedigree, standing 15.1hh. He's quick, athletic, and pretty sensitive. He has all the bells and whistles and has had a little bit of everything done on him: branding, roping, trail, etc. We have owned him over a year and have had no soundness issues with him. is no warm up tricks, just saddle him up and lope him around in whatever you want to have on his head. He has no gate issues, just head him to the arena and go, there is no maintenance of any kind needed. You don't need to worry about what time it is because you have to give him this or that before you run him, no-no, none of that is needed for Lighting. He runs inside an out and places in both. He is blind in his left eye, but he has never missed a beat, he is not spooky because of it, this is an old injury and he has consistently ran in the 1D, it does affect his running. 1D Barrel Horse

FLYING T BLUE CHIP - 2003 ApHC Gray Gelding x Darkelly x First Down Kelly out of Mama T x Convoy Scout. Lighting is a finished barrel horse that has been hauled to jackpots & rodeos and place & won at both. He consistently is a 1D placing horse. He does not need weekly tune ups. We literally have turned him out for the winter brought him back in, legged him up and ran him, he is just plain solid and honest about his runs. He is a big horse and has a very big stride. Lighting is so easy to run that even me (the jackpot Dad) is out placing 1D/2D times with him. There is no warm up tricks, just saddle him up and lope him around in whatever you want to have on his head. He has no gate issues, just head him to the arena and go, there is no maintenance of any kind needed. You don't need to worry about what time it is because you have to give him this or that before you run him, no-no, none of that is needed for Lighting. He runs inside an out and places in both. He is blind in his left eye, but he has never missed a beat, he is not spooky because of it, this is an old injury and he has consistently ran in the 1D, it does affect his running.
